COMMITS NINE MURDERS.

To Obtain Possession of His Father's Property and Ends Life on the Gallows.

MACON, Ga., Oct. 29.—Thos. Wolfokt was hanged here to-day for the murder of nine persons. On August 6, 1887, the bodies of Richard Wolfokt, a well-to do white planter, his wife, their six children, and his wife's sister, were found lying in pools of blood in the Wolfokt residence. A short handled axe clotted with blood and hair, was found in the hallway of the house. The bodies of Mr. and Mrs. Wilfokt and their infant lay on the same bed, and across the three corpses the body of the eldest daughter, a recent graduate of Wesleyan college, had been thrown. In other rooms the bodies of the other victims were found and evidence of a terrible struggle was to be seen.

Thomas G. Wolfokt, the only surviving member of the family, was arrested. He protested his innocence. When brought into the room where the bodies lay, he exhibited no fear and narrowly escaped lynching. The coroner's jury held Wolfokt accountable for the crime. Blood was found on his body and his underclothing. The garments he had worn on the day of the murder, were found, soaked in blood, in an old well. Wolfokt's trial lasted three days. An attempt was made to show that the crime was committed by a negro desperado, but the jury found Wolfokt guilty, after being out twenty-nine minutes. Wolfokt was sentenced to be hanged on February 10, but the supreme court of the state granted him a new trial. After many legal impediments had been overcome, Wolfokt was sentenced to be hanged August 20, 1889, but legal technicalities were again interposed. On October 7, 1889, he was resentenced to be hanged October 29, 1890. Wolfokt's motive for the crime was a desire to obtain possession of his father's property, which he feared would go to his father's second wife and her children.

BIRCHALL'S CONFEDERATE.

WOODSTOCK, Ont., Oct. 29.—George Benwell, brother of Birchall's victim, who came here to testify at the trial, has left for New York en route to England. Before leaving here he expressed himself as feeling that Birchall must have had a confederate in the crime. He said that if Birchall could not say who it was who fired the shots that killed his brother, the government should stay the judgment until the mystery had been cleared up. Mrs. Birchall, when she read the letter signed "The Colonel" she burst into tears and said that it was only further confirmation of her faith in her husband's innocence.

LOOKING FOR AN OUTLAW.

Americans in England Hunting for a Criminal.

CORNWALL, Oct. 29.—Two American detectives, Neo and White, and Sheriff Backus, of St. Lawrence county, New York, arrived here Saturday and on Sunday had a mysterious conference with Judge Pringle. Yesterday they left, armed with rifles, accompanied by guides. Their destination is the Scotch settlement, forty-five miles north of here, and their mission ostensibly a deer hunt. Since their departure, however, it has been learned that before going the detectives and guides were sworn in as special Ontario constables, and that they were armed with a warrant for the arrest of Arch McDonald, a murderer and outlaw, who was in jail for burglary last spring, but broke the jail and the jailer's head and escaped on the back of a stolen horse. He came at once to Canada. Ontario officers have many times tried to capture him but without success, and at the peril of their lives. The community in which McDonald is living are all friends and have supreme contempt for the laws. There is a reward for his capture offered by the United States government, and the officers here have made up their minds to take him dead or alive. People here who know McDonald say he will not be taken without a desperate struggle.

DEMURER SUSTAINED.

The People Against the Gas Trust at Chicago.

CHICAGO, Oct. 29.—Judge McConnell, this morning, sustained the demurer of the people to the pleas filed by the gas trust in answer to the information filed against the combine by Attorney General Hunt. Judge McConnell scored the gas trust severely and said he would in a few days enter a decree of ouster, inasmuch as the trust was exercising a power which it had no right to exercise.

Convention of Trainmen.

LOS ANGELES, Oct. 29.—The national convention of trainmen yesterday re-elected T. T. Slattery second vice grand master and Geo Newman, of Missoula, Mont., third vice grand master. The plan of federation and of supreme council, as devised by representatives in Chicago in June, 1889, was unanimously approved, and the delegates to the last meeting of the supreme council, consisting of E. Wilkinson, grand master; P. H. Morrisey, first vice grand master, and W. H. Sheahar, grand secretary-treasurer, were re-elected.

WILL BE SETTLED.

The Trouble Between the Western Union and the Telegraphers.

ST. LOUIS, Mo., Oct. 29.—The troubles between the Western Union company and the Brotherhood of Telegraphers will be amicably disposed of by tomorrow, The Western Union will probably succeed in doing what it wanted to do and the local branch of the brotherhood will be dissolved. Superintendent Baller was waited upon this morning by a committee of telegraphers and gave them to understand that no brotherhood men would be retained in the Western Union company, but if they promised not to belong to the organization they could return to work by filing their applications. At a subsequent meeting of the members of the brotherhood, it was decided that the grand lodge be notified of the action of the members of the order here and the surrender of the charter.

DUG HIS OWN GRAVE

Beside Those of His Children, and Then Took Laudanum.

WHITE PLAINS, N. Y., Oct. 29.—Dr. C. C. Crolley, a druggist, aged forty, recently lost two children by diphtheria. Since that time he has been melancholly, occassionally doing things that suggested insanity. Yesterday he was missed, and a search was instituted, which led to the cemetery, where it was his custom to go and visit the graves of his children. He was found partly in a pit by the side of his children's grave. He was unconscious, having taken laudanum. He was taken to his home, and is not expected to recover. Crolley had walked to his family lot, dug a hole, took the laudanum, and then lay down in the grave dug by himself.

KILLED INSTANTLY.

A Bloody Murder Done in California.

SAN FRANCISCO, Oct. 29.—James J. Allen, a democrat, last night shot and instantly killed Lawrence Roach, a republican, on Fourth street, near Tehama. Allen had caused a number of voters to be cited to appear before the election commissioners, and when Roach met him last night he accused Allen of being an informer. A quarrel ensued and the killing was the result. Allen says Roach attacked him with a knife and he (Allen) then drew a pistol and fired two shots, one entering the brain and the other the breast. A small pocket knife was the only weapon found on Roach.

ROASTED ALIVE.

Nine Horses Perish in a Fire at Philadelphia.

PHILADELPHIA, Oct. 29.—Nine horses were roasted to death early this morning in a fire which destroyed the stable and a portion of a bottling establishment connected with the Robert Smith Pale Ale brewing company at Thirty-eighth street and Girard avenue. Two men, who are supposed to have set fire to the stable, succeeded in making their escape while the watchman was arousing the neighbors and fighting the flames. Loss on stable and contents, $1,000; fully covered by insurance.

IN THE EARTH'S BOWELS.

Rich Veins of Gold and Silver Struck by Prospectors.

CALENA, Ill., Oct. 29.—A fine vein of iron ore, richly mixed with silver, was discovered yesterday as the result of several months prospecting on the farm of Andrew Simmons, in the town of Rush, this county.

PIERRE, S. D., Oct. 29.—Rich placer deposits of gold have been discovered in Jackson county recently, a part of the Sioux reservation, and lying contiguous to the Black Hills.

CINCINNATI'S MUDDLE.

Mayor Mosby Will Appoint the New Board of City Affairs.

CINCINNATI, Oct. 29.—In the superior court this morning the Remlein injunction suit to restrain Mayor Mosby from appointing the new board of city affairs was dismissed. An appeal will be taken to the supreme court.

WILL BE COLDER.

Flurries of Snow and Northwesterly Winds.

WASHINGTON, Oct. 29.—For Indiana: Threatening weather and rain or flurries of snow; colder northwesterly winds.

Made an Assignment.

CHICAGO, Oct. 29.—The Mutual fire insurance company, of Chicago, made a voluntary assignment yesterday to T. G. Hislip. The liabilities are said to be $57,600 and $25,000 of the contested claims against the company. The assets are set down at $187,000; $150,000 of this amount being premium notes and the balance consisting of accounts, receivable notes and mortgages. The company did large business out of town, carrying many heavy risks throughout the west, south and northwest. Negotiations are now pending by which a re-insurance of all risks held by the company can be effected, and it is probable that all claims will be paid in full.

Stanley on Board.

NEW YORK, Oct. 29.—The White Star steamer Majestic sailed to day for Liverpool and among her passengers were Hon. E. D. Stanley, Lady Alice Stanley, Lord Strasbourg, Sir Lyon Playfair, Lady Playfair and Viscount Anson.

SOUGHT HER HOME.

An Insane Patient, Supposed to Have Been Burned to Death, Returns to Her Own Home.

MONTREAL, Oct. 29.—Last May, when the Longue Point insane asylum was burned, it was believed that over one hundred people were burned in it. Many patients escaped, but it was supposed they had all been recaptured. Among those in the asylum, but missing, was the wife of A. Magee Gaunthier, a farmer of St. Laurens. It was thought she had been burned. Early yesterday morning Gaunthier, accompanied by a neighbor, was coming in town with a wagon load of produce when they saw a woman lying beside the road. They aroused her and asked her what she was doing there. She said she was hunting for the road to St. Laurens and had traveled for many weeks, mentioning places she had visited in lower Quebec, 200 miles from Montreal.

Gaunthier asked her to get into his wagon and he would drive her to a hotel further on. As she stepped into the wagon he flashed his lantern into her face, and dropped it with an exclamation almost of terror. The woman he had found was his own wife, whom he supposed was dead, and whom he had not seen for over eighteen months. They drove her home at once, where it was found she was half starved and nearly dead with cold. She is incapable of telling a coherent story of her wanderings since her escape from the asylum fire, but her sufferings must have been terrible, as her feet and limbs are blistered and sore. There is great excitement in the village over the affair, and the simple people look upon Mrs. Gaunthier's return as almost a miracle. She will not be returned to the asylum.

CANNOT BE TRUE.

It is Said W. P. Taggart Did Not Make a Death Bed Confession.

COLUMBUS, Ind., Oct. 29.—In regard to the dispatch sent out from Edinburg yesterday concerning an alleged death-bed confession, a gentleman who stands high in the community, and whose veracity has never been questioned, said, to-day: "Wm. P. Haggart was well known to me for many years as a worthy citizen of temperate habits and good repute. I had many business transactions with him, in all of which he was honorable and just. He was ambitious, working hard at whatever he undertook. He many times overtraded and made debts that he could not pay when due, but he would arrange with his creditors to satisfy them. He was never known to drink to excess, and very seldom used intoxicants. He was a member of the United Brethren church in good standing since 1854, being in office most of the time and until his death. His funeral was attended by more than one thousand of his relations and friends. He had few enimies, but it may be said that some of these have allowed their imaginations to bring back the story of the disappearance of Jamison and to smirch the good name of a dead man. Mr. Taggart was unconscious full twenty-four hours before he died. He could not have made the confession as stated."

THE AUSTRALIAN STRIKE

Will End Only When the Funds of One Side Are Exhausted.

LONDON, Oct. 29.—The discouraging reports received from Australia in reference to the great shipping strike, are most disappointing to the friends of the union in England. In fact neither side seems to be gaining any advantage, but the unfortunate struggle has resolved itself into a fight between two resolute bodies of men, and apparently will end only when the funds of one side are entirely exhausted. The owners of federations in England are sending assistance to the ship owners of the docks, sums of thousands of pounds, while the assistance rendered the laborers by English unions can be estimated only by hundreds.

The struggle is as disastrous to Australia and New Zealand as a civil war would be and it quite bears out Sir. Henry Parks' statement that a bombardment could not be worse for Sydney than the present strikes. It seems now to be a question of how long the dockers can hold out against the owners' money, while on the other hand the owners' losses must run into enormous sums. The radical newspapers of Australia and New Zealand describe the continuation of the strike, as madness and declare that the Dockers' union can not hope to pit its collections from trade unionists against British capital. The friends of both sides are endeavoring to bring to an end this war and induce the leaders of the dock strikers to meet the owners on common grounds, the owners making the necessary concessions. The trade with Australia is seriously affected, hundreds of vessels being tied up, unable to get loads.

Mail Decision.

RUTLAND, Vt., Oct. 20.—Judge Wheeler, of the United States district court, has decided that the law prohibiting the mailing of envelopes having on the outside words calculated to reflect injuries on the character of any one is violated by sending through the mails letters contained in envelopes bearing the words "Excelsior Collecting Agency," printed in large letters across the upper half of the envelope.

AT THEIR OLD TRICKS.

Republicans Trying to Make a "Big Thing" Out of Nothing.

Republicans can make no capital by abusing the system of voting under the new election law, for wherever it has been introduced it has worked with good results and prevents fraud and undue influence being used to make voters cast their ballots for candidates whom they do not prefer. Nor will the bluster concerning the placing of the name of Wm. T. Abbott, independent candidate for auditor, upon the people's ticket, avail them anything when the real history of that transaction is known.

Mr. Abbott was announced as a candidate for the office too late, under the law, to have his name placed upon the ticket. When a request to that effect was made to the election commissioners, the first objection came from Will Wilson, the chairman of the republican county central committee, and not from the democrats. The objection was that the commissioners had not the authority to do it and that Mr. Jaap, representing the people's party, had not the authority to act in the matter. Judge Zollars, the chairman of the democratic county central committee, was not in favor of acting upon technicalities or doing anything that would prevent Mr. Abbott from receiving the votes of all those who desired to cast their ballots for him and recommended that the name of Mr. Abbott be placed upon the people's ticket, and when a petition was signed by twenty-five of the people's party and presented to the commissioners, praying for it, this was done and Mr. Abbott's name is now placed legally on the ticket.

The democracy have no reason to fear Mr. Abbott's candidacy for the office of auditor. They have a candidate for auditor, Mr. A. F. Glutting, who is popular and well known, who is qualified in every respect for the office for which the democracy have nominated him, whose record in public and private life is above criticism, and who will not only poll the full strength of the party, but will receive many republican votes and will be elected.

Republicans may clamor all they desire to about "this outrage." They cannot make political capital out of it that will do them any good, for their bluster will react upon them and make many of their own party cast their votes for Mr. Glutting, as they should do, for he will fill the office in a creditable way to himself and his constituency

The democracy have a ticket in the field at this election, state, congressional and county, that is strong in the individuality of its candidates and court a free, fair and honest ballot.

MUST BE A LUNATIC.

A "Jack, the Ripper," Turns Up in New York State.

RONDOUT, N. Y., Oct. 29.—Great excitement has been caused at Lattintown, Ulster county, by the appearance of a strange man who signs himself "Jack, the Ripper," and who thus far has eluded capture. In his missives he claims to have killed twelve persons, and proposes to kill three more. On Sunday night he fired through a window into William M. Mackey's residence and barely missed hitting Mr. Mackey's son. He has also made several attempts to kill the village school teacher. A reward has been offered for his arrest and he will probably soon be caught. It is beleived that he is an escaped lunatic.

ROBERT T. LINCOLN.

Our Minister to England Coming Home on a Visit.

LONDON, Oct. 29.—Hon. Robert T. Lincoln, the American minister to Great Britian left this city to day en route for New York. Mr. Lincoln was met at the station by Consul General John C. New, Hon. Chas. A. Dana, of the New York Sun, Messrs. Emery, Hoton, Ochiltree and scores of others, both English and American's, who had assembled there to bid him farewell and wish him a pleasant voyage. Mr. Lincoln will return to London in January.

The Vanderbilts Get It.

PHILADELPHIA, Pa., Oct. 29.—The belief that the Vanderbilts have taken any interest in the Reading railroad syndicate was quietly confirmed in New York Monday, when H. B. Hollis signed the papers making the transfer of his firm, representing the Vanderbilts, of the syndicate holdings of W. W. Gibbs, of this city. The syndicate obtained its control of Reading stock at a cost of not less than $8,000,000, and the interest at 5 per cent. to the present, would increase the cost to $8,330,000. There is to be no change in the Reading's present policy of extension, and that policy is more than likely to embrace the building of the abandoned South Pennsylvania railroad.

Conspiracy Cases.

TIPPERARY, Oct. 29.—In the court, which is trying the conspiracy case against Messrs. Dillon and O'Brien and others, Gleeson and Alice Saddler were called to day for the defense. On cross examination by the counsel for the crown, the witnesses refused to give evidence, whereupon they were committed to jail until Friday for contempt.

CREDITORS CLOSING IN.

Five Suits Filed Against Menno S. Flowers, of New Haven--Court Cullings.

Six suits have been filed in the circuit court against Menno S. Flowers, who is in business at New Haven. The suits are brought by New Haven parties, and W. G. Colerick is attorney. The claims are as follows: Amile Yernet, $100; Chas. Yernot, $100; Louis Roussey, $200; Henry Schnelker, et al., $500; Barney Tibbett, $1,000. A writ of attachment has been taken out against Mr. Flowers.

COURT NOTES.

The testimony in the Fahler will case in the superior court, was expected to be all in this afternoon, so that the arguments will be commenced to-morrow.

Squire France fined Richard Farrand $20 and costs for selling liquor without a license. Farrand lives at Cedarville.

In France's court Fred Kline brings suit against Michael Baer for possession of premises and $20 damages.

Henry Meyers was arrested and brought before 'Squire Ryan on a charge of cruelty to animals. He was fined $1 and costs.

'Squire Ryan assessed a fine of $1 and costs against Wm. Ruple for assault and battery on Ida Peterson.

The case of the state vs. Casper Rau for obstructing a highway came up before 'Squire Ryan last evening, but trial was postponed until 5 o'clock this evening.

Wm. McCann has entered suit in replevin against Frank Offenloch and Constable Bagby has seized $200 worth of household goods. The case will be heard in Ryan's court and will be sensational.

Subpoenas have been issued for the following persons of this city to appear before the United States grand jury at Indianapolis to testify in the case against Henry Nye, the counterfeiter, who was arrested here. Samuel Kariger against Joseph Embry, for $900 on account, is up in the circuit court. W. G. Colerick for plaintiff and John F. Rodabaugh for defendant.

J. S. Pettit was before France on another charge of provoke, this afternoon.

A MESSIAH COMING

Who Will Destroy the Whites, is the Belief of the Indians.

WASHINGTON, Oct. 29.—T. A. Bland, corresponding secretary of the National Indian Defense association, has received a letter from Mrs. C. W. Weldon, of New York, dated Cannon Ball, Dak., October 8, in which she tells something of the peculiar religious outbreak among the Sioux. Mrs. Weldon's letter is as follows:

"I am on the point of going to Sitting Bull's camp. My object in going is, if possible, to defeat a great evil which is spreading with alarming rapidity among the Sioux. Sitting Bull told me about it months ago in strict confidence. But now it is upon the lips of every Indian. It is the belief among the Indians that a Messiah is coming, who will destroy the whites, bring all the dead to life and make the Indian once more powerful and rulers of land. Because the white people crucified Him formerly, He will now help the Indians and be revenged on the white people. Those who do not believe in Him, He will strike dead.

"When Sitting Bull told me of it, I thought he had heard something about the Christian religion which his mind did not fully grasp, and I gave the concern little attention. On examining further into it, however, I felt deeply concerned for the Indians. I remembered having read recently of one Schweinfurth living some where in Illinois, who professed to be Christ, and even shows the marks upon his hands and feet where 2,000 years ago he was crucified. I told Sitting Bull, and warned him not to be misled by such imposters. Lately Dakotas, from across the cannon ball there, asked my opinion about the new religion. Mattowannah Taka, a Minneconge Sioux, they say, is the prophet of the Messiah, and all who do not believe in him he kills, either quite dead or bring them to life again in two days. The Indians believe in him and fear him.

"I am going to meet him and defeat him if possible. I have prepared a long speech for the Indians, in which I enter into every detail of this subject and I hope to convince them of their error. To prove to them that Mattowannah-Taka has no power from God to kill whom he choose, I would meet him face to face, and tell that I did not fear him. I intend to speak most earnestly to the Sioux. If anyone else attemps to attack Mattowannah-Taka as I do, I fear it would go hard with them. But the Indians know I am their friend, and speak only for their good."

Auditor J. B. Niezer and Dennis Gorman will spend a few days hunting in Jackson township.

DEMOCRATIC MEETING.

Hon. W. F. McNagny Has a Warm Greeting in the Eighth Ward.

The democrats of the eighth ward, joined by a number of citizens from the other wards of the city, held a large and enthusiastic meeting at the old church on East Wayne street last night. The meeting was called to order by Hon. F. J. Hayden, and George R. Hench was made chairman, who presided and introduced the speakers. Hon. J. D. Sarnighausen, editor of the Daily Staats Zeitung, made the opening speech in German, and was enthusiastically applauded.

W. F. McNagny, the brilliant attorney from Columbia City, was then introduced and made the speech of the evening, discussing the tariff and the other political issues of the day in an able manner. He was followed by Henry C. Berghoff, who made a ringing speech and a personal plea for all the candidates on the democratic ticket.

An interesting democratic meeting was held last night in Perry township, which was addressed by Hon. C. M. Dawson and D. W. Souder, the candidate for county clerk.

IMPROVING A CHURCH.

The Congregational Church Makes Changes--A Pleasant Social.

Since the new pastor, Rev. J. S. Ainslie, took charge of the Congregational church last July, he has felt the need of more accommodations for carrying on the social work of the church, as the lecture room was too small. At his suggestion, finally, all the center pews have been removed from the church, and the railing in front of the pulpit taken down, chairs being substituted. This makes the building more attractive for public worship, eliminating an element of stiffness, renders it more serviceable for Sunday school teaching, better for the prayer meetings, which were already too large for the lecture room, and especially affords a pleasant room for social intercourse.

Last evening the first social and supper were given by the ladies under the new plan with Mrs. G. W. Pixley, as president, and it proved a splendid success. The Haydn quartet were present, and thrilled all hearts with their songs, and the select readings by Miss Philley were praised by everyone. Similar entertainments and socials will be held at regular intervals.

BOUCICAULT'S DAUGHTER

Dies Very Suddenly at London To-Day.

LONDON, Oct. 29.—Patrice Boucicault, the daughter of the late Dion Boucicault, died to day quite suddenly. She married a Mr. Pittman some months ago, and had just given birth to a child.

It was thought that she had passed through the crisis and was recovering rapidly when a sudden change occurred and carried her off in a short time. She had only returned from New York a few weeks ago and her husband is still in that city.

SENATOR TURPIE

Will Address the People at the Princess Rink To-night.

Hon. David Turpie, Indiana's junior senator, will address the democracy of Fort Wayne at the Princess rink this evening at 8 o'clock. Senator Turpie will be escorted by the Hendricks and Jeffersonian clubs, headed by the city band to the rink. Senator Turpie is one of the most entertaining and forcible speakers in the country and should be given a rousing reception.

NINE YEARS.

A Boy Goes to Prison for Stealing $17,000.

NEW YORK, Oct. 29.—Henry Cassin, the bell boy who stole $17,000, the property of two bookmakers, from the safe of the Hotel Vendome and recently convicted of larceny, was to-day sentenced to states prison for nine years.

Catching Big Fish.

The largest fish ever known to be caught in the state was caught by Dr. Norton about three weeks ago near Kokomo, Ind. It weighs 180 pounds and is thirty-three years old, so he is told by his mother, whom he found at Richmond cosily situated with her little family of five daughters, who bear no resemblance to the scaley tribe at all. It is the most remarkable freak of nature that has been reported to the knowledge of the world. He is a living, breathing human being scaled from head to foot with the scales of a fish. We are informed that he will be on exhibition at Geary's museum for one week beginning November 3rd. If handled properly he is worth a fortune to Dr. Norton. Best wishes to him and his remarkable freak.

Appointed His Opponent.

MONTPELIER, Vt., Oct. 29.—Governor Page created quite a sensation yesterday when he appointed as chief of his staff Col. Herbert F. Brigham, who had been his opponent for the gubernatorial chair. He also appointed as a member of his staff Col. Herbert E. Folsom, who was the democratic candidate for congress in the Second district.

Miss Carrie Weisell, daughter of Dr. D. D. Weisell, the dentist will leave for New York City to-morrow evening. She will remain there with relatives and friends during the winter.

LEFT HIS PANTS!

But Took Almost Everything Else--Chas. Hegerfeld Robbed of Money and Valuables.

Charles Hegerfeld, a teamster for Wm. Moellering, the contractor, has apartments in the barn on the latter's premises, at 120 Montgomery street.

In a trunk in his apartment Mr. Hegerfeld had $80 in four gold pieces and in his pantaloons pocket he carried the key to the trunk. Last night, while the teamster was being wafted through dreamland on the wings of Morpheus, his room was entered by one burglar or more, who procured the key which solved the mystery of where the money was and where it soon would be. While visions of what he would do with his gold probably flitted across the lethargic fancy of the sleeper, the intruder gathered everything he could conveniently carry and departed without leaving his address or even a card of thanks. Mr. Hegerfeld mourns most the loss of his money, a nickel watch and a gold plated chain. The fellow kindly left him his pants.

PLIGHTED TROTHS.

The Wilding-Woodward Nuptials--Several Other Brilliant Weddings.

This afternoon at the bride's home, Plymouth, Ind., occurred the marriage of Miss Pearl Woodward to Charles A. Wilding, of this city, the ceremony being performed at 3 o'clock, in the presence of friends and relatives of the contracting parties. After the words were said which made them man and wife, an elaborate bridal feast was partaken of, and a reception will be given this evening. The bride is well known in Fort Wayne society circles, and is an accomplished and pretty young lady. The groom is the popular secretary of the Tri-State Building and Loan association. They will arrive home this evening and will have apartments for the present at the residence of the groom's parents, 260 West Wayne street, pending the completion of their handsome new residence on Edgewater avenue, in Lakeside. Among those from this city present at the ceremony were: James Wilding and wife, father and mother of the groom, James W. Wilding, brother of the groom, and wife; C. H. Newton and wife, Chas. E. Reed and wife, W. J. Vesey and wife, Dr. M. F. Porter and wife, Misses Kitty McDougal and Josie Albert, Messrs. George K. Pixley and James Fry.

KITSELMAN-JACKSON.

Last evening at 7 o'clock there occurred a pleasant marriage ceremony at the home of the bride's parents, Mr. and Mrs. William Jackson, corner Hoagland avenue and Duryea street. The contracting parties were William B. Kitselman, a conductor on the Nickel Plate, and Ida Jackson, of this city. The wedding service was performed by Rev. Stephen A. Northrop, of the Baptist church, in the presence of the immediate friends and relatives of the family. The presents were practical and numerous. The supper was lavish and served in elegant style. Mr. and Mrs. Kitselman will take up their residence at No. 276 West Washington street. Their many friends are welcome to a cheerful fireside at any time they may call.

SUCCOP-RIEDEL.

The marriage of Rev. B. Henry Succop, of Peoria, Ill., to Miss Catherine Riedel, sister of Architect Riedel, will occur this afternoon at 4 o'clock, at the St. Paul's Lutheran church, Rev. Sauer officiating. A reception will be tendered the bride and groom this evening, at the home of the bride's parents, north of the city.

TWO WRECKS.

Freight Cars Derailed at Eagle Lake, Warsaw. This Morning.

At an early hour this morning fourteen freight cars of train No. 95, westward bound, were thrown off the track by a broken rail, near Eagle Lake, Warsaw. After tedious labor the cars were righted and soon afterward several cars of train No. 96, eastward bound, were derailed at the same place. The damage is slight. Trains were delayed only a short time.

POTATO DAY

Will be the Event in the Public Schools To-morrow.

To morrow is potato day in the public schools. The children will all come loaded down with this precious edible. The bags have been provided by the Relief union and on next Friday will be distributed to the poor of our city. It is a grand work and every scholar should respond to this appeal for help for such a worthy cause.

A CLEVER THIEF.

He Needed Shoes, not Jewelry, but Took Both.

Late yesterday afternoon a man entered the barn of Dr. J. M. Dinnen, at 67 West Wayne street, and took therefrom a pair of shoes worth $6, a gold chain and a gold band ring. The jewelry had been carelessly left in an inappropriate place by the doctor's children. The thief considerately left his own discarded shoes, which bear evidence of having tramped on many a railroad tie. The man, the new shoes and the jewelry are missing.

If the McKinley tariff bill does not increase the profits of the protected classes, why was a lobby of protected manufacturers in Washington urging its passage?

THE Thurman club, of Columbus, Ohio, will give a banquet to the Old Roman, *in that city, on Thursday* evening, November 13, 1890. This office is in receipt of an invitation.

MR. ARMOUR, of Chicago, has said that the McKinley tariff will cost him $250,000 a year on the tin cans he uses. He is not the man we take him to be if he does not recover that $250,000, either from the people who buy his beef or the people who sell him cattle.

THE republican state central committee has commenced using the United States mail for the free distribution of campaign documents. At the Shelbyville postoffice a circular entitled, "How to Vote," was put in many boxes and distributed as mail matter without address or postage. Isn't this a violation of the postal laws?

PRICES of the necessaries of life are advancing, says the Chicago Herald. Everywhere and in the cost of almost everything the effect of the infamous McKinley bill is already noticeable. As time passes the results of the legislation solely in the interest of monopoly will become more and more apparent. As old stocks disappear the last possibility of delaying the raise in price will vanish. Hereafter there will be more shoddy, more adulteration, more "snide" goods and—higher prices.

THE instructions of the republican campaign committee to republican newspapers and republican campaign speakers are: "Deny that the tariff has increased prices; keep on denying it until after the election; remember, a few years ago we denied that there were any farm mortgages, and we kept on denying until after the election; insist that the high tariff was gotten up especially for the farmer and the laboring man; deny increase of prices. They will find out their mistake to late to harm us."

THE impression that the new election law is hard to understand fades away as the people get closer to it. The truth is, the duty of the voter is simpler under it than under the old law. Stamp the square at the left of the title of your ticket. The mode of voting under it has worked well in the states in which it has been tried and it has been universally commended. It will give us free, fair and honest elections and the elector can vote his sentiments, uninfluenced by scheming politicians or men who desire to control his vote.

THERE has heretofore been a large number of what is known as vest pocket votes—that is, persons who did not care to let it be known how they voted for fear of giving offence to some one. Under the new election law this kind of voting will be done away with. Instead of approaching the polls with his ballot in his pocket, the voter will enter the booth and there, solitary and alone, prepare his ballot. The secrecy of the ballot is an incentive to honest, independent voting, and a great protection against political bulldozing and intimidation.

REPORT OF COMMITTEE ON FINANCE.

We your committee on finance, would beg leave to report as follows:

1. We have examined the monthly reports of the city clerk and treasurer and found them to agree with the books in their respective offices.

2. We have examined the reports of the city clerk for fees collected during the month of September and found it correct.

3. We have examined the report of the mayor for fees collected during the month of September, 1890, and found it correct.

4. We haved examined the reports of the weighmaster and market master for the month of September, 1890, and found them correct.

5. We have examined the report of the clerk and chief of police on electric lights found not burning during the month of September, and found the amount deducted from the Electric light company's bill correct as per report.

REPORT OF COMMITTEE ON STREETS.

We, your committee on streets, would respectfully report as follows:

1. On the bills of

The Gazette Co. amounting to	$46 50
The Fleming M'f'g Co. amounting to	1 75
Morgan & Beach amounting to	20 68
M. M. Thompson amounting to	4 00
The Brickmakers Ass'n amounting to	70 00
Wilding & Son for coal amounting to	6 00

We have carefully examined the same and found them correct and that by a concurrence in this report we recommend that they be paid.

2. The bill of the city commissioners for $24 for services rendered in the opening of Winter street is correct and should be paid.

These bills in the future, we recommend, should be referred to the mayor and attorney with power to act.

3. We have carefully examined the different proposals referred to us. We find William Oetting the lowest and best bidder for grading Winter street from Creighton avenue to Pontiac street.

Frederick Oetting is the lowest and best bidder for grading Clinton street from St. Mary's river bridge to Fifth street.

John Bertels is the lowest bidder and best bidder for building sidewalks on the west side of Fairfield avenue from the Wabash right-of-way to the first alley south thereof.

And we herewith report contracts with the above parties respectively, and recommend their approval.

3. On the petition of Frederick Fahlsing and others asking permission to build their own sidewalks, we report favorably upon condition that said sidewalks are built upon grade to be given by the engineer and proper bond filed to indemnity the city.

4. Upon the resolution of Councilman Boltz that a crock sewer be put under canal at St. Mary's avenue and said avenue graded on account of dangerous condition, we report,

That we found the bridge at said point safe, but we recommend that said bridge be removed and the avenue at said intersection be placed in the same condition as Wells street now is, where it crosses the old canal. We recommend that said work be done early in the spring.

5. Upon the petition of Aaron Lischey, esq., the matters therein contained are important and we therefore recommend that the subject be referred to the councilmen from the Eight ward.

REPORT OF SPECIAL COMMITTEE.

We, your special committee to whom was referred certain proposed estimates for street improvements, report as follows:

1. In the matter of the proposed estimate for the paving of Fairfield avenue and to the giving of which estimate Messrs. Speirlesen, Beck, Chapman and others objected two weeks ago, your committee personally inspected the pavement along the whole line and particularly at such points as indicated by said objectors. We found the objections well taken and in accordance with instructions the contractors made the necessary repairs to the satisfaction of the property holders upon the line of said improvement, and the committee having examined the report of the engineer and the proposed estimate we find the same just, true and legal and we herewith report the necessary resolution granting said estimate and declaring a lien upon the lots and lands therein described as therein set out, the passage of which resolution we recommend.

2. In the matter of the proposed estimate for the grading of Putnam street we report that upon a careful re estimate made by the engineer under the instructions to deal liberally with the contractor we find that Mr. Wilhelm should be allowed $18 extra for gutter grading, $10 for street grading and $5 for work on culvert making an advance upon his former estimate of $25, being four mills per running foot. His claim was for $84 additional. We report herewith the corrected estimate and recommend that it be granted and report the necessary resolution declaring it a lien upon the lots and lands therein described as there in set out. If Mr. Wilhelm is not satisfied with this estimate he will have to seek his remedy in court.

3. In the matter of the report of the engineer and the proposed estimate for the paving of Griffith street from Jefferson street to Breckenridge street we report that we met in pursuance to the order of the council at the city hall on October 27, 1890, at 7:30 o'clock p. m., to hear objections to said proposed estimate. No objections were offered to said estimate and your committee found the same just, true and legal we herewith report the proper resolution declaring the same a lien upon the lots and lands in said estimate described as therein set forth.

REPORT OF SPECIAL COMMITTEE.

We, your committee on judiciary and city attorney, to whom was referred the subject matter of the Shawnee Run nuisance, report as follows:

We met with Mr. Vesey, the acting mayor of South Wayne, and considered the question. He informed your committee that he had as yet not consulted with his fellow officers; that the board of trustees would meet next week, when he would lay before it the whole question and have a time fixed for the board to meet this committee, after which meeting we will be able to make a full report upon the question.

REPORT OF SPECIAL COMMITTEE.

We your committee on sewers and civil engineer would respectfully report as follows:

In the matter of the resolution of Councilman W. D. Meyer asking that the street commission be instructed to construct a sand pit on the south side of Lewis street, 75 feet east from the southeast corner, report that we have carefully examined the premises above named and find that a necessity exists for the said sand pit, therefore we report that by a concurrence in this report that the street commissioner proceed at once with said work.

REPORT OF SPECIAL COMMITTEE.

We your committee on streets and city attorney, report upon the matters referred to us as follows:

1. In the matter of the petition of John H. Bass and the American Wheel works, asking for the vacation of parts of Monroe, Clay and Virginia streets, we invited the presence of the petitioners at the committee meeting to make known the necessity for such vacations.

The committee met. Mr. Bass did not appear and the wheel works were only interested in the vacation of Virginia street. No sufficient reason being given to the committee, it will make no recommendation for such vacations. The committee does not report adversely, but awaits information before recommending action.

2. Referring to the petition of P. A. Randall and others asking for overhead bridges on Putnam street, your committee properly regards the petition as a joke, the deepest cut on said street being five feet. The street commissioner has heretofore been ordered by the council to make said approaches safe by grading back a sufficient distance. These instructions do not mean to give a proper and legal grade for the intersecting streets, but simply that they shall be graded back a sufficient distance to make the approaches safe. Your committee believes that the street commissioner has performed the order of the council.

3. In the matter of the petition of Theodore Nieman asking that the expense of grading Washington street be paid out of the general fund, we report adversely.

If the city gave credit for like work twenty-fiv and thirty years ago, it would exhaust the levy to pay for the street.

4. In the matter of the petition of John Taylor, by Chas. W. Kuhne, attorney, we report that if the petition be true and no other parties will be effected thereby, no objections can be offered to the prayer of the petition.

Therefore your committee recommend that upon petitioner depositing $25 with the city treasurer that the city commissioner be called out so take the proper action in the premises.

H. HILBRECHT,
Committee on streets.

REPORT OF WATER WORKS TRUSTEES.

We desire to call your attention that on August 20, 1889, when the city was pressed for funds we, at your request, advanced you from our maintenance fund the sum of five thousand, $5,000, to enable the city to partially pay a debt then due for water works extensions. The money so loaned by us was out of the fund that is absolutely necessary for running expenses. You promised to repay the same out of the November collections and the condition of our said fund is such as require from you a prompt performance of your agreement. Wherefore we ask that the city clerk be instructed to issue an order for said amount, so that it may be placed to our credit.

REPORT OF STREET COMMISSIONER.

1. In the matter of the resolution of Councilman Gordon instructing me to give ten days notice to the owners of property on the east side of Calhoun street from Pontiac street to city limits to bring their sidewalks to proper grade, I report that I have caused the proper notice to be served between said points and all have complied excepting the owners of lots 1 and 2. lot 2 belongs to a lady in Ohio and notice was mailed to her but no work has been done on her sidewalk. Lot 1 belongs to Colonel Robertson who is at Salt Lake City, Utah, and could not be reached until he returned home in November.

2. East Washington street from Harmer street east where the street car track was cut down will have to be graded at an averance of a foot and a half for a distance of 200. But said work can not very well be done until the intersection of Harmer and Washington streets be completed.

D. O'BRIEN, Street Commissioner.

Section 1, street commissioner instructed to proceed according to law.
Section 2, concurred in.

REPORT OF CITY ATTORNEY.

I respectfully report as follows:

1. Mr. Rodemeier has brought suit against the city for damages sustained by reason of a broken limb occasioned by an alleged defect in Virginia street.

2. I find the bond of the Fort Wayne street railway company, required by reason of the Lewis street ordinance to be in all things regular and sufficient and therefore recommend its approval.

3. By reason of the decision of the supreme court, I feel gratified in reporting that the court decided that my construction of the Barret law was correct and that the proceedings of the common council as made in Wayne street improvement was in substantial compliance with the statue.

Therefore it will not be necessary hereafter to pass the second resolution, but the council will have to be careful to see that a strict compliance with the statute is made in reference to giving property owners notice, to hear objections before allowing the estimate upon their property.

Plaintiffs will undoubtedly file a petition for a re-hearing, but none will be granted as the decision goes to the core of the question and was fully argued orally before a full bench who pronounced a unanimous opinion. I am sorry to report that the court did not deem it necessary to decide as to whether or not the old law was appealed. This question must be settled in some future case.

4. I have received official information from the Wabash company through its Indiana attorneys, that said company has accepted the proposition of compromise made to it by the common council's committee in reference to the land lying north of its right-of-way and west of Fairfield avenue. Said company desires it to be understood that in accepting said offer it concedes no legal right in the city to declare a forfeiture, claiming there had been no forfeiture, and that if there had been, that by long acquiescence on the part of the city it had been waived. The company ask that the proper committee be appointed so that a careful, satisfactory and final settlement may be made.

ESTIMATES.

An estimate in favor of Charles Boseker for removing the wooden bridge from DeWald street, over Shawnee run, amounting to $151.01, Allowed.

Whereas, the city civil engineer has reported to the common council that William Oetting has fully completed and fulfilled his contract for grading and paving with brick the sidewalks on the south side of Eliza street from Francis street to Gay street.

Whereas, The common council has approved said report of the city civil engineer and found that said improvements has been made and completed according to the terms of the contract therefor made, now in order that a final estimate thereof may be made, be it

Resolved, That the city civil engineer be required to report to the common council the following facts:

1. The total cost of said improvements.

2. The average cost per running foot of the whole length of that part of said sidewalks so improved.

3. The name of each property owner on that part of said sidewalks so improved.

4. The number of front feet owned by the respective property owners on that part of said sidewalks so improved.

5. The amount of such cost for improvements due upon each lot or parcel of ground bordering on said sidewalks, which amount shall be ascertained and fixed by multiplying the average cost per running front foot by the number of running feet on the several lots or parcels of ground respectively.

6. The full description, together with the owner's name of each lot or parcel of ground bordering on said part of said sidewalks so improved.

REPORT OF CITY CIVIL ENGINEER.

1st. I would respectfully report that the total cost of the improvement of the grading and paving with brick the sidewalks on the south side of Eliza street, from Frances street to Gay street, made under contract with Frederick Oetting, and recently completed by said Frederick Oetting, is $101.76.

2nd. That the average cost per running foot of said sidewalks as improved is $.0337.

3rd. You will find hereto attached a list of the names of each proper owner on that part of said sidewalks so improved.

4th. Also attached the number of front feet owned by the respective property owners on that part of said sidewalk so improved.

5. Also attached the amount of such cost for improvement due upon each lot or parcel of ground bordering on said sidewalks. I would further report that there is due from the city of Fort Wayne for the cost and expense of so much of said improvement of said sidewalks as is occupied by street corners the sum of $2.00, leaving a balance to be assessed against the property owners as aforesaid of $183.76.

O. B. WILEY,
City Civil Engineer.

"Some lives are like Horseshoes the more worn the brighter." Busy wives who use SAPOLIO never seem to grow old. Try a cake...

A complete wreck of domestic happiness has often resulted from badly washed dishes, from an unclean kitchen, or from trifles which seemed light as air. But by these things a man often judges of his wife's devotion to her family, and charges her with general neglect when he finds her careless in these particulars. Many a home owes a large part of its thrifty neatness and its consequent happiness to SAPOLIO.

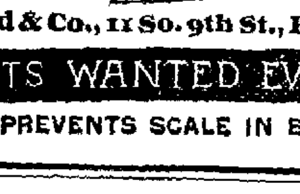

Grocers often substitute cheaper goods for SAPOLIO, to make a better profit. Send back such articles, and insist on having just what you ordered.

THE MUTUAL LIFE INSURANCE COMPANY, OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ———— LARS.
$578,345 00/100 29 DEC 28 1889. CERTIFIED. Payable through New York Clearing House, N. B. A.
E. C. POTTER & CO.
—E. C. POTTER & CO.—

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

Mrs. T. E. Ellison will entertain friends this evening in honor of her guests, Misses Bird and Mary Ellison, of Lagrange.

Mr. Boggs, of Millersburg, Ohio, uncle of Rev. J. M. Boggs, of the Third Presbyterian church, is confined to his bed with a fractured leg.

The City band concert will be given to-morrow evening, at the Princess rink, and the present sale of tickets assures a large attendance and a successful event.

Button-hole bouquets were presented to the mayor, councilmen, city officers and reporters at the council meeting last evening, with compliments of the park commissioners.

Mr. John Lancaster, of South Wayne, who was unfortunate enough to have his leg broken by falling off a wagon, and the wheels passing over his leg, a few days ago, is slowly improving.

Sad intelligence has reached here of the death of Albert Robison, of Philadelphia. The deceased was the husband for a short time of Miss Sarah Tawney, who was a teacher of elocution in our public schools.

The foot ball team of the Amateur Athletic association is composed as follows: James White, Ed White, Mont Fay, Harry Gibford, Hugh Dix, Frank Bond, Herbert Bond, William Peltier, Hal Joss, Theodore Kucker and John Whitehead.

The Choral club was rehearsed in Beethoven selections last evening under the direction of Professor Miles. The weather did not encourage an attendance, but about sixty persons were present. The coming concert to be given at the Temple under the auspices of the club makes it important that the meetings be well attended.

George D. Rush has recovered from an illness.

Col. R. S. Robertson will return from Salt Lake City next Saturday.

The building improvements at the Rich hotel are about completed.

Bert Gouden, advance agent for Strauss' orchestra, is at the Aveline.

Darwin Root has a thoroughbred saddle horse under training of Henry Myer.

The last presentation of "Superba" here this season will be given to-night at the Temple.

The first snow of the season came about 11:30 o'clock last night. It left as swiftly and silently as it came.

Francis De Frain, a car repairer at the new yards, fell from a box car and is now confined to his home in Lakeside.

The dancing reception of Miss Mary Farnan was largely attended last evening, notwithstanding the inclement weather.

Dr. J. W. Younge and Dr. W. J. Carter left for Anderson this afternoon, to perform a surgical operation there to-morrow.

Mr. and Mrs. John Mohr and Mr. and Mrs. Louis Fox have returned from Yellowstone park and a western tour. They had a fine trip.

Mrs. Thomas Brady, of Huntington, who has been visiting her daughter, Mrs. J. P. Dolan, of Fairfield avenue, returned home last evening.

Officer Ryan, who so cleverly captured Nye, the counterfeiter, who passed a counterfeit $20 bill on Root & Co., was yesterday subpoenaed by a deputy United States marshal, from Indianapolis, to appear in that city on November 13, as a witness.

The county commissioners are distributing the election booths as fast as they are called for by the township trustees of the county. The booths are kept at the Ryan storage rooms, on West Washington street, and the delivery of the same is under the personal supervision of all the commissioners, or one of them at the least.

Miss Minnie Armel, of 143 Wallace street, was surprised by a number of her friends Monday evening, in honor of her birthday anniversary. Those present were: Misses Julia Passino, Laura Carll, Hattie Lamar, Carrie Cragg, Amelia and May Heine, Lizzie Morning, Laura and Erma Bryant and Masters Add Lamar, Frank Cuishall, Henry Heine, Ross Lamar, Vernie Jones, Willie Armel, and others.

The quarterly meeting at the African M. E. church was held last Sunday, conducted by Presiding Elder James H. Henderson, who preached interesting sermons at the morning and evening services. Rev. Brown preached in the afternoon. The church was crowded at all the services. The collection on Sunday amounted to $20, making the total quarterly meeting collections amount to $41.15. There were nine accessions to the church.

The second presentation of Hanlon's "Superba" at the Temple last night was greeted with a crowded house, and the performance was even better than it was the night before, for everything worked smoothly, and the audience was charmed with the wonderful scenic effects, mechanical marvels, pretty girls and dazzling splendor of the play. The performance will be greeted with another full house to night, which is the last appearance in this city.

There is not a satisfactory provision given in the Indiana statutes for the procuring of criminals in another state who require a requisition before they will allow themselves to be brought home for trial, but notwithstanding this Sheriff Viberg, at his own risk of personal expense, sent his deputy to bring home Ollie Smith and Harry Gardner, the notorious ruffians, who, it is charged, nearly ended the life of Mrs. Charlotte Haas, the widow, in an attempted robbery.

Will Covey, for several years proof-reader at the Newspaper Union, leaves to-morrow for his old home at Little Rock, Ark., to permanently reside. He has been a resident of this city for the last eight years and his genial disposition and literary attainments made him a universal favorite in and out of the printing fraternity. THE SENTINEL reporter, who worked at his side for two years, joins his host of friends in regretting his departure from the city and wishing him success in whatever occupation he may engage in his southern home. Will is a royal good fellow and will make fast friends anywhere in this broad land.

John M. Reinewald, foreman of the paint shop at Chauvey Bros.' carriage works, and his wife, were agreeably surprised by a large party of friends last evening, at their home, on John street. It was their tenth wedding anniversary. Presents were numerous.

An old colored man in Fayette county is in great demand at the country dances as a fiddler, but last week he created great indignation among the lads and lassies by doubling his price for services. He claims that "under de new tariff bill rozzum has riz."

This afternoon water was turned off from the water mains on Columbia street, from Clinton to Harrison streets, and on Harrison to Main street, to permit the placing of elevator machinery in the new Randall building to be occupied by Pottlitzer Bros. as a commission house. The water will be turned on again at 7 o'clock this evening.

Mrs. Perry A. Randall and children, Anna, Fay and Louise, will leave soon De Fonias Springs, Florida, to spend the winter. She goes to benefit the health of one of her children, who has heart trouble. A new cottage is being erected at the beautiful resort for their occupancy. Mr. Randall will be registered at the Randall during his family's absence.

E. T. Stringer, who has been in the city for a short time, will return to his home in Hall county, Nebraska, soon. He is associated with his son, Fred, formerly a postal clerk on the Fort Wayne road, in the general store business at that place. Mr. Stringer has offered a portion of his beautiful residence property on West DeWald street for sale, and his movements indicate that he has decided to make his permanent home in Nebraska.

George D. Adams, chief clerk in the register letter department of the post-office, has returned with his family from a trip to points in Minnesota, Dakota and Canada. While absent he visited Grand Forks, Dakota; Winnipeg, Canada; Barnesville, Minn., and other places. He met Fred Rogers, a former dispatcher in the Pittsburg offices in this city, now located in the same line of business at Lacrosse, Wis. Mr. Rogers was married recently.

J. R. Bittinger left for Indianapolis to day, having in his possession a petition to Governor Hovey for the pardon of James Bolyard, of Monroeville. Bolyard was sentenced last spring to one year in the penitentiary for stealing a lot of coon skins. His six children at Monroeville are said to be in destitute circumstances and are practically on the township. The petition is signed by 400 reputable people, among them nearly all the jurymen who convicted Bolyard and the prosecuting witnesses who testified against him.

There was no police court to-day.

John Wiegand and Caroline Brudi have been licensed to wed.

John Stophel, of Toledo, is in the city. He formerly resided.

J. G. Fuller has returned from Chicago and is again registered at the Randall.

Mr. and Mrs. Jasper Edsall, of Oliver street, have returned from a two weeks' northern trip.

The recitation by little Miss McKinzie last night in Plymouth church was loudly applauded.

Miss Madge Williams rendered a beautiful vocal solo at the Congregational church solial last night.

An entertainment will be given at the Nebraska Mission church next Friday evening for the benefit of the Sabbath school.

Ed. Stone, Toledo; J. J. Mayer, Louisville, Ky.; D. Lightbody, Detroit; P. M. Gallahue, Indianapolis; Geo. R. Gaylor, Hamilton, Ohio, are at the Randall.

Dr. G. L. Greenawalt was called to New Haven in consultation with Dr. Brudi in the case of Frank Sinram, of that place, who is seriously ill with typhoid fever.

The funeral of Henry Schuckman took place this morning, from the St. Mary's Catholic church, and was largely attended. Wayne commandery, C. B. L., turned out in a body.

Hon. Albert Gall, democratic candidate for state treasurer, is in the city, and was a caller at THE SENTINEL office to-day. Mr. Gall has been all over the state, and reports the prospects bright for a democratic victory in Indiana next Tuesday.

RATES RAISED.

Express Agents Notified of an Increase to Eastern Points.

The local managers of the express companies, M. G. Stimmel, of the Adams, C. B. Beaver, of the United States and Pacific, and George S. Howard, of the American, have received notification to increase the tariff rates on eastern shipments, about fifteen per cent. to New York, Boston, Philadelphia, Baltimore and Washington. The new rate was fixed by the tariff committee, composed of representatives of each company, and it will be an interesting raise to regular patrons of the above named companies.

The new rates will go into effect November 1.

J. H. SPANGLER, of Fontano, Lebanon County, Pa., three years ago brought a sprout of a banana tree from Florida and planted it. It has grown to a height of twelve feet and has leaves five feet long

THE Moldavian Princess Cusa is an unworldly girl. Her young husband, who died not long ago, left her all his property, worth about $600,000. She is devoting all of her yearly income to charities, and is a nurse in a children's hospital at Jassy. She is a sister of the Roumanian Minister, Theodore Kosetti.

IN some places washerwomen have found their legitimate occupations almost gone through the introduction of machinery. A great part of the city of Troy is devoted to the manufacture of engines, whizzers, starchers and other machines of the steam laundry. The most interesting machine is the whizzer, which dries clothes in one thousand revolutions a minute.

"WHY is whiting or soap rubbed all over the inside of the windows of a new building?" was the question I put to a master builder in the doorway of a new structure. I always thought it was for the purpose of obstructing the view, so that workmen inside would not be abstracted by objects outside. "It's a warning to the workmen for the protection of the glass." was his reply. "Before the glass is put in the window apertures are used daily to pass boards, scantling and timber in and out. The glass does not show unless it is daubed with whiting or soap, and any workman would be liable at any minute to shove a board through it."

IT is likely that some of the money confiscated by Napoleon will be accounted for, with interest, by the present French Government. Jean Thiery, a merchant in the Rhine provinces, died in 1676, leaving a fortune of 50,000 louis d'or in Paris, and 800,000 thalers in the Venice Mint. His heirs, for some unknown reason, did not draw the money from the depository in Venice, so at the end of the last century Napoleon found it still untouched, and appropriated it to the use of his army. For the last thirty years the descendants of Thiery have been trying to find a way of recovering the 800,000 thalers, with interest. It is said that the French government has considered their claim, and advocated its payment.

CARE FOR THE SICK.

The Splendid Hospitals of the Wabash Road--News Notes from the Busy Centers.

Nearly all the great railway systems have hospitals for the benefit of their employes, which are partially supported by monthly deductions from the pay of the employes. Some of the railroads which do not have the hospital system carry what is known as a voluntary relief fund. The Pennsylvania company has founded the system by which the employees contribute to a fund which is used to relieve the sick and injured. The Wabash was among the first to adopt the hospital plan and it has perfected its system to a higher degree than almost any other road. The funds necessary to support the hospitals are acquired by deducting a certain amount monthly from the pay of each employe. From $50, or less, 35 cents is deducted, and over $50 a deduction of 50 cents is made. Every employe of the road from the office boy and section man up to the superintendent is assessed, and the order is imperative. The funds are carefully looked after, and so successful has the management been that two fine hospitals, one at Peru, Ind., and one at Kansas City, are kept in splendid condition. Another hospital, which will surpass the first two, is being built at Moberly, and when equipped will be one of the best appointed in the country. The Missouri Pacific also has an excellent hospital system, and the two Kansas City institutions are always objects of special interest to visitors. Skilled surgeons of established reputation are in charge of the hospitals. Whenever an employe takes sick or is injured, he is sent to the nearest hospital, or if injured and unable to be moved, or if he has a family, the local surgeons of the railroad company attend him at his home. Medicine is supplied free to every employe upon a prescription filled out by any of the company's surgeons.

THE LOCAL BUDGET.

A. S. Work, of the Nickel Plate road is at Stony Island.

The Electric Light works shipped a 1,000 light plant to Chicago to-day.

Andrew Smith, of the Pittsburg machine shop, has resigned his position.

Ed. Hipp, of the east Pittsburg shop, is the happy father of a bouncing boy.

The Nickel Plate road at the present time employs thirty-two extra firemen.

B. Ossefelt, of the Pittsburg round house, is off duty on a few day's vacation.

Adam Buchheit has accepted a position as carpenter at the Electric Light works.

J. T. Snyder, fireman on the Pittsburg road, is off duty on a few days' vacation.

W. Lohrman, engineer on the Pittsburg road, is at Valparaiso visiting for a few days.

G. P. Lehr, of the Pittsburg round house, has reported for duty after a few day's sickness.

A. Miller and D. O. Beegle, firemen on the Pittsburg road, are off duty on account of sickness.

All the departments in the Wabash shops in this city are now working until 10:30 each evening.

J. Bitner and O. Schultz have accepted positions in the boiler department of the Bass works.

The Olds Wagon works will resume operation to-morrow, after a few days suspension to make repairs.

Phillip Renschler, of the Olds wagon works, is confined to his bed with a severe attack of typhoid fever.

J. O. Cothrell, engineer on the Grand Rapids road, has reported for duty after an absence on account of sickness.

A train load of dressed beef from the Armour Packing house from Chicago passed through on the Nickel Plate road yesterday.

George Niedhammer, of the Electric Light works, is doing honors over the arrival of a sweet-faced baby daughter at his home.

George White has accepted a position in the Pittsburg lumber yard, John Cox in the machine department of the Pittsburg car shop, C. Mosier and John Sohne as carpenters and H. G. Beyerly and G. E. Saraisen in the copper shop. They were formerly employed in the shops before the suspension of men a few months ago.

E. Fink, fireman on the Pittsburg road, is off duty on account of a very sore hand.

Michael Laughlin, engineer on the Pittsburg road, is at Bucyrus, Ohio, visiting for a few days.

J. E. Sleeper has accepted a position as engineer on the Nickel Plate road. He will run between this city and Chicago.

Several of the boys in the different shops attended Hanlons' production of "Superba" at the Masonic Temple last evening.

Tom Bailey, fireman on the Nickel Plate road, is suffering from an injured eye which he received by being hit with a piece of coal.

W. F. Juengle and S. A. Sine, firemen on the Pittsburg road, are off duty. They are changing their places of residence to East Jefferson street.

Francis DeFrain, a car repairer at the east Pittsburg yards, was quite severely injured by falling from a box car. He will be detained from duty for several weeks.

T. F. Golden, of the master car builder's office, who has been working for a few days in the office at the east Pittsburg shops, has returned to his regular duties.

G. Burger, engineer on a switch engine in the Pittsburg yard, is off duty on a few day's vacation, and C. Sweeney, is performing the duties during his absence.

J. Bolan, of the truck riveting gang, and C. Renschler, of the machine department of the Pittsburg car shop, have returned to duty after a few days absence.

J. C. Kencill, engineer on the Pittsburg road, has reported for duty after a vacation, and Engineer P. Titus has reported after an absence on account of sickness.

The new cement pavement at the Pittsburg depot is finished and presents a handsome appearance. It is a very costly platform and is warranted for a number of years.

Hugh M. Diehl, foreman of the erecting gang in the Pittsburg machine shop, has returned to work after a two months' absence. He was at Philadelphia visiting relatives, and also visited several of the largest eastern cities.

Wm. Jackson, formerly of the tinning department of the east Pittsburg shop, but who now holds a position in the Brunswick & Balke billiard table manufactory, at Chicago, is in the city to attend the marriage of his sister. He was a visitor at the shops yesterday afternoon.

Last year apples were shipped into Indiana and Ohio by the train load from New York and Northern Michigan; this year, in the fruit producing country named, the crop was a failure and apples are now being shipped into Indiana, Illinois and Ohio in large quantities from Southwestern Missouri, where the crop was abundant.

It is reported on excellent authority that the railroads of Michigan have solemnly agreed that they will issue no free passes to the legislators this winter. This information will fall like a wet blanket on the statesmen, and will without doubt have the effect of making the coming session the shortest one for many years.

The store room and the shipping room at the Electric Light works have been moved into the new addition to give more room for the Brooklyn plant, which will be placed in the old store room. All of the machinery will be here in a few days. Several cars of it have arrived and the rest is on the way. This will give employment to many more men, some coming with the removed plant and others from the city. Already fifty houses and rooms have been engaged for the employes who will be brought here. The pay roll of the works before the removal to this city where as large as the works here.

The shipments of flour, grain and provisions from Chicago to the seaboard by the lines in the Central Traffic association last week aggregated 30,967 tons, against 34,016 for the preceding week, a decrease of 3,049 tons, and against 34,920 for the corresponding week of 1889, a decrease of 3,953 tons. The Chicago and Grand Trunk increased its lead somewhat, though neither the Michigan Central nor the Nickel Plate is very far behind it in the amount of traffic carried. The percentages of the different roads are: Chicago and Grand Trunk 22.6, the Michigan Central 29.2, the Lake Shore 14, the Fort Wayne 11, the Pan Handle 5.6, the Baltimore and Ohio 7.6 and the Nickel Plate 10.

EX-SECRETARY ESMOND.

He Arrives in the City En Route to Denver, Col.

A visitor in the city last night was Z. T. Esmond, a former secretary of the R. R. Y. M. C. A. here. When Mr. Esmond resigned his position here a few weeks ago he went with his family to Herkimer, N. Y., where relatives reside. After an outing in the Catskills, he felt an approaching attack of his old throat trouble, and at the advice of his physician left at once for Colorado, stopping here en route. He will probably accept a position in the offices of the Chamberlain Investment company, at Denver, a member of that firm being an old associate and intimate friend. The many friends of the ex-secretary will be surprised to learn that he will act upon the advice of physicians and retire from active Y. M. C. A. work for at least a year, although a very fine secretaryship is placed at his disposal on the Pacific coast. Such work involves too much of a mental strain for a person in delicate health. Mr. Esmond called on many of his friends here last evening, among them his successor, Secretary Burns, and left early this morning for Denver, where he will soon be joined by his family, who will remain at Herkimer for a time longer.

WHY NOT DO IT?

Let the Bicycle Season Close With a Grand Street Pageant.

The coming of winter weather will ere long cause the bicyclists of the city to do less riding than they have done, and their machines will be practically unused for a few months. Before the bicycle season ends, why would it not be a good idea, as a sort of public celebration of the event, to have a grand street parade, in which all the wheelmen would participate? An event of that kind occurred a few years ago, and it was an interesting affair. Fort Wayne has several hundred wheelmen, and if they would all turn out some evening and make a parade of the streets, it would be a grand affair. Let the big bicyclist and the little bicyclist, the old bicyclist and the young bicyclist, the lady bicyclist and the gentleman bicyclist, the graceful bicyclist and the awkward bicyclist, all take part, and we venture the assertion it would make a procession a couple of miles long. Let this be an event to celebrate the ending of the bicycle season.

Personal Liberty vs. Physical Slavery.

We are all free American citizens, enjoying our personal liberty; but most of us are in physical slavery, suffering from scrofula, salt rheum or some other form of impure blood. Hood's Sarsaparilla is the great blood purifier which disolves the bonds of disease, gives health and perfect physical liberty.

Scrofula

Is the most ancient and most general of all diseases. Scarcely a family is entirely free from it, while thousands everywhere are its suffering slaves. Hood's Sarsaparilla has had remarkable success in curing every form of scrofula. The most severe and painful running sores, swellings in the neck or goitre, humor in the eyes, causing partial or total blindness, yield to the powerful effects of this medicine. It thoroughly removes every trace of impurity from the blood and builds up the weakened system.

"My little daughter's life was saved, as we believe, by Hood's Sarsaparilla. Before she was six months old she had 7 running scrofula sores. One physician advised the amputation of one of her fingers, to which we refused assent. When we began giving her Hood's Sarsaparilla, a marked improvement was noticed and by a continued use of it her recovery was complete. And she is now, being seven years old, strong and healthy." B. C. JONES, Alna, Lincoln County, Me.

"THE MERRY MONARCH"

A remedy which is "every inch a King," and worthy of the grateful homage and admiration of its Sixty Million American Subjects, is

HIBBARD'S "HERB EXTRACT,"

Its throne is in the tuneful hearts of hundreds of thousands of its users, who sing its praises and carry its renown from ocean to ocean. Join the throng and help shout the glad tidings of a people ransomed from the galling chains and terrible captivity of

HEREDITARY SCROFULA.

It's not the discovery of a heaven guided tramp, but an honest remedy with which one of the most skillful physicians of his day cured Mrs. Hibbard, over forty-five years ago, after she had been most terribly afflicted by hereditary blood disease, which consumed her nose and other parts of her face, and since her cure, (over forty-six years ago,) she has made the placing of this remedy before the public her life-long work. A circular giving a short history of her case will be sent on application.

It is not a cure-all, but is positively guaranteed in all cases of Blood and Skin diseases, such as Scrofula, Cancer, Catarrh, Salt Rheum, Fever Sores, and Kidney and Liver Complaints. The remedy contains neither Mercury or Potash, but its properties are purely vegetable and harmless.

As a powerful invigorating Tonic, it helps the stomach and imparts strength and vitality to the entire system.

Mrs. Hibbard's reputation at home and abroad is sufficient evidence of her honesty of purpose. Although sixty-five years of age, she devotes her entire time to the alleviation of human suffering. Call on her or write, describing your case, and she will give you an honest opinion, and advice free of charge. The "Herb Extract" is for sale by all Druggists, at $1.00 per bottle, 6 for $5.00, or sent by express on receipt of price.

COMMITS NINE MURDERS.

To Obtain Possession of His Father's Property and Ends Life on the Gallows.

MACON, Ga., Oct. 29.—Thos. Wolfokt was hanged here to-day for the murder of nine persons. On August 6, 1887, the bodies of Richard Wolfokt, a well-to-do white planter, his wife, their six children, and his wife's sister, were found lying in pools of blood in the Wolfokt residence. A short handled axe clotted with blood and hair, was found in the hallway of the house. The bodies of Mr. and Mrs. Wilfokt and their infant lay on the same bed, and across the three corpses the body of the eldest daughter, a recent graduate of Weslyan college, had been thrown. In other rooms the bodies of the other victims were found and evidence of a terrible struggle was to be seen.

Thomas G. Wolfokt, the only surviving member of the family, was arrested. He protested his innocence. When brought into the room where the bodies lay, he exhibited no fear and narrowly escaped lynching. The coroner's jury held Wolfokt accountable for the crime. Blood was found on his body and his underclothing. The garments he had worn on the day of the murder, were found, soaked in blood, in an old well. Wolfokt's trial lasted three days. An attempt was made to show that the crime was committed by a negro desperado, but the jury found Wolfokt guilty, after being out twenty-nine minutes. Wolfokt was sentenced to be hanged on February 10, but the supreme court of the state granted him a new trial. After many legal impediments had been overcome, Wolfokt was sentenced to be hanged August 20, 1889, but legal technicalities were again interposed. On October 7, 1889, he was resentenced to be hanged October 29, 1890. Wolfokt's motive for the crime was a desire to obtain possession of his father's property, which he feared would go to his father's second wife and her children.

BIRCHALL'S CONFEDERATE.

WOODSTOCK, Ont., Oct. 29.—George Benwell, brother of Birchall's victim, who came here to testify at the trial, has left for New York en route to England. Before leaving here he expressed himself as feeling that Birchall must have had a confederate in the crime. He said that if Birchall could not say who it was who fired the shots that killed his brother, the government should stay the judgment until the mystery had been cleared up. Mrs. Birchall, when she read the letter signed "The Colonel" she burst into tears and said that it was only further confirmation of her faith in her husband's innocence.

LOOKING FOR AN OUTLAW.

Americans in England Hunting for a Criminal.

CORNWALL, Oct. 29.—Two American detectives, Neo and White, and Sheriff Backus, of St. Lawrence county, New York, arrived here Saturday and on Sunday had a mysterious conference with Judge Pringle. Yesterday they left, armed with rifles, accompanied by guides. Their destination is the Scotch settlement, forty-five miles north of here, and their mission ostensibly a deer hunt. Since their departure, however, it has been learned that before going the detectives and guides were sworn in as special Ontario constables, and that they were armed with a warrant for the arrest of Arch McDonald, a murderer and outlaw, who was in jail for burglary last spring, but broke the jail and the jailer's head and escaped on the back of a stolen horse. He came at once to Canada. Ontario officers have many times tried to capture him but without success, and at the peril of their lives. The community in which McDonald is living are all friends and have supreme contempt for the laws. There is a reward for his capture offered by the United States government, and the officers here have made up their minds to take him dead or alive. People here who know McDonald say he will not be taken without a desperate struggle.

DEMURRER SUSTAINED.

The People Against the Gas Trust at Chicago.

CHICAGO, Oct. 29.—Judge McConnell, this morning, sustained the demurrer of the people to the pleas filed by the gas trust in answer to the information filed against the combine by Attorney General Hunt. Judge McConnell scored the gas trust severely and said he would in a few days enter a decree of ouster, inasmuch as the trust was exercising a power which it had no right to exercise.

Convention of Trainmen.

LOS ANGELES, Oct. 29.—The national convention of trainmen yesterday re-elected T. T. Slattery second vice grand master and Geo Newman, of Missoula, Mont., third vice grand master. The plan of federation and of supreme council, as devised by representatives in Chicago in June, 1889, was unanimously approved, and the delegates to the last meeting of the supreme council, consisting of E. Wilkinson, grand master; P. H. Morrisey, first vice grand master, and W. H. Sheahar, grand secretary-treasurer, were re-elected.

WILL BE SETTLED.

The Trouble Between the Western Union and the Telegraphers.

ST. LOUIS, Mo., Oct. 29.—The troubles between the Western Union company and the Brotherhood of Telegraphers will be amicably disposed of by tomorrow. The Western Union will probably succeed in doing what it wanted to do and the local branch of the brotherhood will be dissolved. Superintendent Baller was waited upon this morning by a committee of telegraphers and gave them to understand that no brotherhood men would be retained in the Western Union company, but if they promised not to belong to the organization they could return to work by filing their applications. At a subsequent meeting of the members of the brotherhood, it was decided that the grand lodge be notified of the action of the members of the order here and the surrender of the charter.

DUG HIS OWN GRAVE

Beside Those of His Children, and Then Took Laudanum.

WHITE PLAINS, N. Y., Oct. 29.—Dr. C. C. Crolley, a druggist, aged forty, recently lost two children by diphtheria. Since that time he has been melancholly, occasionally doing things that suggested insanity. Yesterday he was missed, and a search was instituted, which led to the cemetery, where it was his custom to go and visit the graves of his children. He was found partly in a pit by the side of his children's grave. He was unconscious, having taken laudanum. He was taken to his home, and is not expected to recover. Crolley had walked to his family lot, dug a hole, took the laudanum, and then lay down in the grave dug by himself.

KILLED INSTANTLY.

A Bloody Murder Done in California.

SAN FRANCISCO, Oct. 29.—James J. Allen, a democrat, last night shot and instantly killed Lawrence Roach, a republican, on Fourth street, near Tehama. Allen had caused a number of voters to be cited to appear before the election commissioners, and when Roach met him last night he accused Allen of being an informer. A quarrel ensued and the killing was the result. Allen says Roach attacked him with a knife and he (Allen) then drew a pistol and fired two shots, one entering the brain and the other the breast. A small pocket knife was the only weapon found on Roach.

ROASTED ALIVE.

Nine Horses Perish in a Fire at Philadelphia.

PHILADELPHIA, Oct. 29.—Nine horses were roasted to death early this morning in a fire which destroyed the stable and a portion of a bottling establishment connected with the Robert Smith Pale Ale brewing company at Thirty-eighth street and Girard avenue. Two men, who are supposed to have set fire to the stable, succeeded in making their escape while the watchman was arousing the neighbors and fighting the flames. Loss on stable and contents, $1,000; fully covered by insurance.

IN THE EARTH'S BOWELS.

Rich Veins of Gold and Silver Struck by Prospectors.

GALENA, Ill., Oct. 29.—A fine vein of iron ore, richly mixed with silver, was discovered yesterday as the result of several months prospecting on the farm of Andrew Simmons, in the town of Rush, this county.

PIERRE, S. D., Oct. 29.—Rich placer deposits of gold have been discovered in Jackson county recently, a part of the Sioux reservation, and lying contiguous to the Black Hills.

CINCINNATI'S MUDDLE.

Mayor Mosby Will Appoint the New Board of City Affairs.

CINCINNATI, Oct. 29.—In the superior court this morning the Remlein injunction suit to restrain Mayor Mosby from appoining the new board of city affairs was dismissed. An appeal will be taken to the supreme court.

WILL BE COLDER.

Flurries of Snow and Northwesterly Winds.

WASHINGTON, Oct. 29.—For Indiana: Threatening weather and rain or flurries of snow; colder northwesterly winds.

Made an Assignment.

CHICAGO, Oct. 29.—The Mutual fire insurance company, of Chicago, made a voluntary assignment yesterday to T. G. Hislip. The liabilities are said to be $57,600 and $25,000 of the contested claims against the company. The assets are set down at $187,000; $150,000 of this amount being premium notes and the balance consisting of accounts, receivable notes and mortgages. The company did large business out of town, carrying many heavy risks throughout the west, south and northwest. Negotiations are now pending by which a re-insurance of all risks held by the company can be effected, and it is probable that all claims will be paid in full.

Stanley on Board.

NEW YORK, Oct. 29.—The White Star steamer Majestic sailed to-day for Liverpool and among her passengers were Hon. E. D. Stanley, Lady Alice Stanley, Lord Strasbourg, Sir Lyon Playfair, Lady Playfair and Viscount Anson.

SOUGHT HER HOME.

An Insane Patient, Supposed to Have Been Burned to Death, Returns to Her Own Home.

MONTREAL, Oct. 29.—Last May, when the Longue Point insane asylum was burned, it was believed that over one hundred people were burned in it. Many patients escaped, but it was supposed they had all been recaptured. Among those in the asylum, but missing, was the wife of A. Magee Gaunthier, a farmer of St. Laurens. It was thought she had been burned. Early yesterday morning Gaunthier, accompanied by a neighbor, was coming in town with a wagon load of produce when they saw a woman lying beside the road. They aroused her and asked her what she was doing there. She said she was hunting for the road to St. Laurens and had traveled for many weeks, mentioning places she had visited in lower Quebec, 200 miles from Montreal.

Gaunthier asked her to get into his wagon and he would drive her to a hotel further on. As she stepped into the wagon he flashed his lantern into her face, and dropped it with an exclamation almost of terror. The woman he had found was his own wife, whom he supposed was dead, and whom he had not seen for over eighteen months. They drove her home at once, where it was found she was half starved and nearly dead with cold. She is incapable of telling a coherent story of her wanderings since her escape from the asylum fire, but her sufferings must have been terrible, as her feet and limbs are blistered and sore. There is great excitement in the village over the affair, and the simple people look upon Mrs. Gaunthier's return as almost a miracle. She will not be returned to the asylum.

CANNOT BE TRUE.

It is Said W. P. Taggart Did Not Make a Death Bed Confession.

COLUMBUS, Ind., Oct. 29.—In regard to the dispatch sent out from Edinburg yesterday concerning an alleged deathbed confession, a gentleman who stands high in the community, and whose veracity has never been questioned, said, to-day: "Wm. P. Haggart was well known to me for many years as a worthy citizen of temperate habits and good repute. I had many business transactions with him, in all of which he was honorable and just. He was ambitious, working hard at whatever he undertook. He many times overtraded and made debts that he could not pay when due, but he would arrange with his creditors to satisfy them. He was never known to drink to excess, and very seldom used intoxicants. He was a member of the United Brethren church in good standing since 1854, being in office most of the time and until his death. His funeral was attended by more than one thousand of his relations and friends. He had few enimies, but it may be said that some of these have allowed their imaginations to bring back the story of the disappearance of Jamison and to smirch the good name of a dead man. Mr. Taggart was unconscious full twenty-four hours before he died. He could not have made the confession as stated."

THE AUSTRALIAN STRIKE

Will End Only When the Funds of One Side Are Exhausted.

LONDON, Oct. 29.—The discouraging reports received from Australia in reference to the great shipping strike, are most disappointing to the friends of the union in England. In fact neither side seems to be gaining any advantage, but the unfortunate struggle has resolved itself into a fight between two resolute bodies of men, and apparently will end only when the funds of one side are entirely exhausted. The owners of federations in England are sending assistance to the ship owners of the docks, sums of thousands of pounds, while the assistance rendered the laborers by English unions can be estimated only by hundreds.

The struggle is as disastrous to Australia and New Zealand as a civil war would be and it quite bears out Sir, Henry Parks' statement that a bombardment could not be worse for Sydney than the present strikes. It seems now to be a question of how long the dockers can hold out against the owners' money, while on the other hand the owners' losses must run into enormous sums. The radical newspapers of Australia and New Zealand describe the continuation of the strike, as madness and declare that the Dockers' union can not hope to pit its collections from trade unionists against British capital. The friends of both sides are endeavoring to bring to an end this war and induce the leaders of the dock strikers to meet the owners on common grounds, the owners making the necessary concessions. The trade with Australia is seriously affected, hundreds of vessels being tied up, unable to get loads.

Mail Decision.

RUTLAND, Vt., Oct. 29.—Judge Wheeler, of the United States district court, has decided that the law prohibiting the mailing of envelopes having on the outside words calculated to reflect injuries on the character of any one is violated by sending through the mails letters contained in envelopes bearing the words "Excelsior Collecting Agency," printed in large letters across the upper half of the envelope.

AT THEIR OLD TRICKS.

Republicans Trying to Make a "Big Thing" Out of Nothing.

Republicans can make no capital by abusing the system of voting under the new election law, for wherever it has been introduced it has worked with good results and prevents fraud and undue influence being used to make voters cast their ballots for candidates whom they do not prefer. Nor will the bluster concerning the placing of the name of Wm. T. Abbott, independent candidate for auditor, upon the people's ticket, avail them anything when the real history of that transaction is known.

Mr. Abbott was announced as a candidate for the office too late, under the law, to have his name placed upon the ticket. When a request to that effect was made to the election commissioners, the first objection came from Will Wilson, the chairman of the republican county central committee, and not from the democrats. The objection was that the commissioners had not the authority to do it and that Mr. Jasp, representing the people's party, had not the authority to act in the matter. Judge Zollars, the chairman of the democratic county central committee, was not in favor of acting upon technicalities or doing anything that would prevent Mr. Abbott from receiving the votes of all those who desired to cast their ballots for him and recommended that the name of Mr. Abbott be placed upon the people's ticket, and when a petition was signed by twenty-five of the people's party and presented to the commissioners, praying for it, this was done and Mr. Abbott's name is now placed legally on the ticket.

The democracy have no reason to fear Mr. Abbott's candidacy for the office of auditor. They have a candidate for auditor, Mr. A. F. Glutting, who is popular and well known, who is qualified in every respect for the office for which the democracy have nominated him, whose record in public and private life is above criticism, and who will not only poll the full strength of the party, but will receive many republican votes and will be elected.

Republicans may clamor all they desire to about "this outrage." They cannot make political capital out of it that will do them any good, for their bluster will react upon them and make many of their own party cast their votes for Mr. Glutting, as they should do, for he will fill the office in a creditable way to himself and his constituency

The democracy have a ticket in the field at this election, state, congressional and county, that is strong in the individuality of its candidates and court a free, fair and honest ballot.

MUST BE A LUNATIC.

A "Jack, the Ripper," Turns Up in New York State.

RONDOUT, N. Y., Oct. 29.—Great excitement has been caused at Lattintown, Ulster county, by the appearance of a strange man who signs himself "Jack, the Ripper," and who thus far has eluded capture. In his missives he claims to have killed twelve persons, and proposes to kill three more. On Sunday night he fired through a window into William M. Mackey's residence and barely missed hitting Mr. Mackey's son. He has also made several attempts to kill the village school teacher. A reward has been offered for his arrest and he will probably soon be caught. It is beleived that he is an escaped lunatic.

ROBERT T. LINCOLN.

Our Minister to England Coming Home on a Visit.

LONDON, Oct. 29.—Hon. Robert T. Lincoln, the American minister to Great Britian left this city to-day enroute for New York. Mr. Lincoln was met at the station by Consul General John C. New, Hon. Chas. A. Dana, of the New York Sun, Messrs. Emery, Hoton, Cabilitree and scores of others, both English and American's, who had assembled there to bid him farewell and wish him a pleasant voyage. Mr. Lincoln will return to London in January.

The Vanderbilts Get It.

PHILADELPHIA, Pa., Oct. 29.—The belief that the Vanderbilts have taken any interest in the Reading railroad syndicate was quietly confirmed in New York Monday, when H. B. Hollis signed the papers making the transfer of his firm, representing the Vanderbilts, of the syndicate holdings of W. W. Gibbs, of this city. The syndicate obtained its control of Reading stock at a cost of not less than $8,000,000, and the interest at 6 per cent. to the present, would increase the cost to $8,360,000. There is to be no change in the Reading's present policy of extension, and that policy is more than likely to embrace the building of the abandoned South Pennsylvania railroad.

Conspiracy Cases.

TIPPERARY, Oct. 29.—In the court, which is trying the conspiracy case against Messrs. Dillon and O'Brien and others, Gleeson and Alice Saddler were called to-day for the defense. On cross examination by the counsel for the crown, the witnesses refused to give evidence, whereupon they were committed to jail until Friday for contempt.

CREDITORS CLOSING IN.

Five Suits Filed Against Menno S. Flowers, of New Haven--Court Cullings.

Six suits have been filed in the circuit court against Menno S. Flowers, who is in business at New Haven. The suits are brought by New Haven parties, and W. G. Colerick is attorney. The claims are as follows: Amile Yernet, $100; Chas. Yernet, $100; Louis Rousser, $200; Henry Schnelker, et al., $500; Barney Tibbett, $1,000. A writ of attachment has been taken out against Mr. Flowers.

COURT NOTES.

The testimony in the Fahler will case in the superior court, was expected to be all in this afternoon, so that the arguments will be commenced to-morrow.

Squire France fined Richard Farrand $20 and costs for selling liquor without a license. Farrand lives at Cedarville.

In France's court Fred Kline brings suit against Michael Baer for possession of premises and $20 damages.

Henry Meyers was arrested and brought before 'Squire Ryan on a charge of cruelty to animals. He was fined $1 and costs.

'Squire Ryan assessed a fine of $1 and costs against Wm. Ruplo for assault and battery on Ida Peterson.

The case of the state vs. Casper Rau for obstructing a highway came up before 'Squire Ryan last evening, but trial was postponed until 5 o'clock this evening.

Wm. McCann has entered suit in replevin against Frank Offenloch and Constable Bagby has seized $200 worth of household goods. The case will be heard in Ryan's court and will be sensational.

Subpoenas have been issued for the following persons of this city to appear before the United States grand jury at Indianapolis to testify in the case against Henry Nye, the counterfeiter, who was arrested here. Tom Wilkinson, Harry Gilford, Bertha Hurah, Henry Link, Joseph Aman, Chas. Nathan, George J. Kierspe, Patrick O'Ryan, Chas. C. Glass and Mr. Alexander. The grand jury will meet November 18.

Frank Klein enters suit in France's court against Michael Bair, for possession of real estate.

Samuel Kariger against Joseph Embry, for $900 on account, is up in the circuit court. W. G. Colerick for plaintiff and John F. Rodabaugh for defendant.

J. S. Pettit was before France on another charge of provoke, this afternoon.

A MESSIAH COMING

Who Will Destroy the Whites, is the Belief of the Indians.

WASHINGTON, Oct. 29.—T. A. Bland, corresponding secretary of the National Indian Defense association, has received a letter from Mrs. C. W. Weldon, of New York, dated Cannon Ball, Dak., October 8, in which she tells something of the peculiar religious outbreak among the Sioux. Mrs. Weldon's letter is as follows:

"I am on the point of going to Sitting Bull's camp. My object in going is, if possible, to defeat a great evil which is spreading with alarming rapidity among the Sioux. Sitting Bull told me about it months ago in strict confidence. But now it is upon the lips of every Indian. It is the belief among the Indians that a Messiah is coming, who will destroy the whites, bring all the dead to life and make the Indian once more powerful and rulers of land. Because the white people crucified Him formerly, He will now help the Indians and be revenged on the white people. Those who do not believe in Him, He will strike dead.

"When Sitting Bull told me of it, I thought he had heard something about the Christian religion which his mind did not fully grasp, and I gave the concern little attention. On examining further into it, however, I felt deeply concerned for the Indians. I remembered having read recently of one Schweinfurth living some where in Illinois, who professed to be Christ, and even shows the marks upon his hands and feet where 2,000 years ago he was crucified. I told Sitting Bull, and warned him not to be misled by such impostors. Lately Dakotas, from across the cannon ball there, asked my opinion about the new religion. Mattowannah Taka, a Minneconjo Sioux, they say, is the prophet of the Messiah, and all who do not believe in him he kills, either quite dead or bring them to life again in two days. The Indians believe in him and fear him.

"I am going to meet him and defeat him if possible. I have prepared a long speech for the Indians, in which I enter into every detail of this subject and I hope to convince them of their error. To prove to them that Mattowannah-Taka has no power from God to kill whom he choose, I would meet him face to face, and tell that I did not fear him. I intend to speak most earnestly to the Sioux. If anyone else attemps to attack Mattowannah-Taka as I do, I fear it would go hard with them. But the Indians know I am their friend, and speak only for their good."

Auditor J. B. Niezer and Dennis Gorman will spend a few days hunting in Jackson township.

DEMOCRATIC MEETING.

Hon. W. F. McNagny Has a Warm Greeting in the Eighth Ward.

The democrats of the eighth ward, joined by a number of citizens from the other wards of the city, held a large and enthusiastic meeting at the old church on East Wayne street last night. The meeting was called to order by Hon. F. J. Hayden, and George R. Hench was made chairman, who presided and introduced the speakers. Hon. J. D. Sarnighausen, editor of the Daily Staats Zietung, made the opening speech in German, and was enthusiastically applauded.

W. F. McNagny, the brilliant attorney from Columbia City, was then introduced and made the speech of the evening, discussing the tariff and the other political issues of the day in an able manner. He was followed by Henry C. Berghoff, who made a ringing speech and a personal plea for all the candidates on the democratic ticket.

An interesting democratic meeting was held last night in Perry township, which was addressed by Hon. C. M. Dawson and D. W. Souder, the candidate for county clerk.

IMPROVING A CHURCH.

The Congregational Church Makes Changes--A Pleasant Social.

Since the new pastor, Rev. J. S. Ainslie, took charge of the Congregational church last July, he has felt the need of more accommodations for carrying on the social work of the church, as the lecture room was too small. At his suggestion, finally, all the center pews have been removed from the church, and the railing in front of the pulpit taken down, chairs being substituted. This makes the building more attractive for public worship, eliminating an element of stiffness, renders it more serviceable for Sunday school teaching, better for the prayer meetings, which were already too large for the lecture room, and especially affords a pleasant room for social intercourse.

Last evening the first social and supper were given by the ladies under the new plan with Mrs. G. W. Pixley, as president, and it proved a splendid success. The Haydn quartet were present, and thrilled all hearts with their songs, and the select readings by Miss Philley were praised by everyone. Similar entertainments and socials will be held at regular intervals.

BOUCICAULT'S DAUGHTER

Dies Very Suddenly at London To-Day.

LONDON, Oct. 29.—Patrice Boucicault, the daughter of the late Dion Boucicault, died to-day quite suddenly. She married a Mr. Pittman some months ago, and had just given birth to a child.

It was thought that she had passed through the crisis and was recovering rapidly when a sudden change occurred and carried her off in a short time. She had only returned from New York a few weeks ago and her husband is still in that city.

SENATOR TURPIE

Will Address the People at the Princess Rink To-night.

Hon. David Turpie, Indiana's junior senator, will address the democracy of Fort Wayne at the Princess rink this evening at 8 o'clock. Senator Turpie will be escorted by the Hendricks and Jeffersonian clubs, headed by the city band to the rink. Senator Turpie is one of the most entertaining and forcible speakers in the country and should be given a rousing reception.

NINE YEARS.

A Boy Goes to Prison for Stealing $17,000.

NEW YORK, Oct. 29.—Henry Cassin, the bell boy who stole $17,000, the property of two bookmakers, from the safe of the Hotel Vendome and recently convicted of larceny, was to-day sentenced to states prison for nine years.

Catching Big Fish.

The largest fish ever known to be caught in the state was caught by Dr. Norton about three weeks ago near Kokomo, Ind. It weighs 180 pounds and is thirty-three years old, so he is told by his mother, whom he found at Richmond cosily situated with her little family of five daughters, who bear no resemblance to the scaley tribe at all. It is the most remarkable freak of nature that has been reported to the knowledge of the world. He is a living, breathing human being scaled from head to foot with the scales of a fish. We are informed that he will be on exhibition at Geary's museum for one week beginning November 3rd. If handled properly he is worth a fortune to Dr. Norton. Best wishes to him and his remarkable freak.

Appointed His Opponent.

MONTPELIER, Vt., Oct. 29.—Governor Page created quite a sensation yesterday when he appointed as chief of his staff Col. Herbert F. Brigham, who had been his opponent for the gubernatorial chair. He also appointed as a member of his staff Col. Herbert E. Folsom, who was the democratic candidate for congress in the Second district.

Miss Carrie Weisell, daughter of Dr. D. D. Weisell, the dentist will leave for New York City to-morrow evening. She will remain there with relatives and friends during the winter.

LEFT HIS PANTS!

But Took Almost Everything Else--Chas. Hegerfeld Robbed of Money and Valuables.

Charles Hegerfeld, a teamster for Wm. Moellering, the contractor, has apartments in the barn on the latter's premises, at 120 Montgomery street.

In a trunk in his apartment Mr. Hegerfeld had $80 in four gold pieces and in his pantaloons pocket he carried the key to the trunk. Last night, while the teamster was being wafted through dreamland on the wings of Morpheus, his room was entered by one burglar or more, who procured the key which solved the mystery of where the money was and where it soon would be. While visions of what he would do with his gold probably flitted across the lethargic fancy of the sleeper, the intruder gathered everything he could conveniently carry and departed without leaving his address or even a card of thanks. Mr. Hegerfeld mourns most the loss of his money, a nickel watch and a gold plated chain. The fellow kindly left him his pants.

PLIGHTED TROTHS.

The Wilding-Woodward Nuptials--Several Other Brilliant Weddings.

This afternoon at the bride's home, Plymouth, Ind., occurred the marriage of Miss Pearl Woodward to Charles A. Wilding, of this city, the ceremony being performed at 3 o'clock, in the presence of friends and relatives of the contracting parties. After the words were said which made them man and wife, an elaborate bridal feast was partaken of, and a reception will be given this evening. The bride is well known in Fort Wayne society circles, and is an accomplished and pretty young lady. The groom is the popular secretary of the Tri-State Building and Loan association. They will arrive home this evening and will have apartments for the present at the residence of the groom's parents, 260 West Wayne street, pending the completion of their handsome new residence on Edgewater avenue, in Lakeside. Among those from this city present at the ceremony were: James Wilding and wife, father and mother of the groom, James W. Wilding, brother of the groom, and wife; C. H. Newton and wife, Chas. E. Reed and wife, W. J. Vesey and wife, Dr. M. F. Porter and wife, Misses Kitty McDougal and Josie Albert, Messrs. George K. Pixley and James Fry.

KITSELMAN-JACKSON.

Last evening at 7 o'clock there occurred a pleasant marriage ceremony at the home of the bride's parents, Mr. and Mrs. William Jackson, corner Hoagland avenue and Duryea street. The contracting parties were William B. Kitselman, a conductor on the Nickel Plate, and Ida Jackson, of this city. The wedding service was performed by Rev. Stephen A. Northrop, of the Baptist church, in the presence of the immediate friends and relatives of the family. The presents were practical and numerous. The supper was lavish and served in elegant style. Mr. and Mrs. Kitselman will take up their residence at No. 276 West Washington street. Their many friends are welcome to a cheerful fireside at any time they may call.

SUCCOP-RIEDEL.

The marriage of Rev. B. Henry Succop, of Peoria, Ill., to Miss Catherine Riedel, sister of Architect Riedel, will occur this afternoon at 4 o'clock, at the St. Paul's Lutheran church, Rev. Sauer officiating. A reception will be tendered the bride and groom this evening, at the home of the bride's parents, north of the city.

TWO WRECKS.

Freight Cars Derailed at Eagle Lake, Warsaw, This Morning.

At an early hour this morning fourteen freight cars of train No. 95, westward bound, were thrown off the track by a broken rail, near Eagle Lake, Warsaw. After tedious labor the cars were righted and soon afterward several cars of train No. 96, eastward bound, were derailed at the same place. The damage is slight. Trains were delayed only a short time.

POTATO DAY

Will be the Event in the Public Schools To-morrow.

To-morrow is potato day in the public schools. The children will all come loaded down with this precious edible. The bags have been provided by the Relief union and on next Friday will be distributed to the poor of our city. It is a grand work and every scholar should respond to this appeal for help for such a worthy cause.

A CLEVER THIEF.

He Needed Shoes, not Jewelry, but Took Both.

Late yesterday afternoon a man entered the barn of Dr. J. M. Dinnen, at 67 West Wayne street, and took therefrom a pair of shoes worth $6, a gold chain and a gold band ring. The jewelry had been carelessly left in an inappropriate place by the doctor's children. The thief considerately left his own discarded shoes, which bear evidence of having tramped on many a railroad tie. The man, the new shoes and the jewelry are missing.

IF the McKinley tariff bill does not increase the profits of the protected classes, why was a lobby of protected manufacturers in Washington urging its passage?

THE Thurman club, of Columbus, Ohio, will give a banquet to the Old Roman, in that city, on Thursday evening, November 13, 1890. This office is in receipt of an invitation.

MR. ARMOUR, of Chicago, has said that the McKinley tariff will cost him $250,000 a year on the tin cans he uses. He is not the man we take him to be if he does not recover that $250,000, either from the people who buy his beef or the people who sell him cattle.

THE republican state central committee has commenced using the United States mail for the free distribution of campaign documents. At the Shelbyville postoffice a circular entitled, "How to Vote," was put in many boxes and distributed as mail matter without address or postage. Isn't this a violation of the postal laws?

PRICES of the necessaries of life are advancing, says the Chicago Herald. Everywhere and in the cost of almost everything the effect of the infamous McKinley bill is already noticeable. As time passes the results of the legislation solely in the interest of monopoly will become more and more apparent. As old stocks disappear the last possibility of delaying the raise in price will vanish. Hereafter there will be more shoddy, more adulteration, more "snide" goods and—higher prices.

THE instructions of the republican campaign committee to republican newspapers and republican campaign speakers are: "Deny that the tariff has increased prices; keep on denying it until after the election; remember, a few years ago we denied that there were any farm mortgages, and we kept on denying until after the election; insist that the high tariff was gotten up especially for the farmer and the laboring man; deny increase of prices. They will find out their mistake to late to harm us."

THE impression that the new election law is hard to understand fades away as the people get closer to it. The truth is, the duty of the voter is simpler under it than under the old law. Stamp the square at the left of the title of your ticket. The mode of voting under it has worked well in the states in which it has been tried and it has been universally commended. It will give us free, fair and honest elections and the elector can vote his sentiments, uninfluenced by scheming politicians or men who desire to control his vote.

THERE has heretofore been a large number of what is known as vest pocket votes—that is, persons who did not care to let it be known how they voted for fear of giving offence to some one. Under the new election law this kind of voting will be done away with. Instead of approaching the polls with his ballot in his pocket, the voter will enter the booth and there, solitary and alone, prepare his ballot. The secrecy of the ballot is an incentive to honest, independent voting, and a great protection against political bulldozing and intimidation.

COMMON COUNCIL.

Reports of Standing and Special Committees on Various Matters—The Wabash Compromises.

REPORT OF COMMITTEE ON FINANCE.

We your committee on finance, would beg leave to report as follows:

1. We have examined the monthly reports of the city clerk and treasurer and found them to agree with the books in their respective offices.

2. We have examined the reports of the city clerk for fees collected during the month of September and found it correct.

3. We have examined the report of the mayor for fees collected during the month of September, 1890, and found it correct.

4. We haved examined the reports of the weighmaster and market master for the month of September, 1890, and found them correct.

5. We have examined the report of the clerk and chief of police on electric lights found not burning during the month of September, and found the amount deducted from the Electric light company's bill correct as per report.

REPORT OF COMMITTEE ON STREETS.

We, your committee on streets, would respectfully report as follows:

1. On the bills of

The Gazette Co. amounting to	$46 50
The Fleming M'f'g Co. amounting to	1 75
Morgan & Beach amounting to	30 08
M. M. Thompson amounting to	4 00
The Brickmakers Ass'n amounting to	70 00
Wilding & Son for coal amounting to	6 00

We have carefully examined the same and found them correct and that by a concurrence in this report we recommend that they be paid.

2. The bill of the city commissioners for $24 for services rendered in the opening of Winter street is correct and should be paid.

These bills in the future, we recommend, should be referred to the mayor and attorney with power to act.

3. We have carefully examined the different proposals referred to us. We find William Oetting the lowest and best bidder for grading Winter street from Creighton avenue to Pontiac street.

Frederick Oetting is the lowest and best bidder for grading Clinton street from St. Mary's river bridge to Fifth street.

John Bertels is the lowest bidder and best bidder for building sidewalks on the west side of Fairfield avenue from the Wabash right-of-way to the first alley south thereof.

And we herewith report contracts with the above parties respectively, and recommend their approval.

3. On the petition of Frederick Fahlsing and others asking permission to build their own sidewalks, we report favorably upon condition that said sidewalks are built upon grade to be given by the engineer and proper bond filed to indemnify the city.

4. Upon the resolution of Councilman Boltz that a creek sewer be put under canal at St. Mary's avenue and said avenue graded on account of dangerous condition, we report,

That we found the bridge at said point safe, but we recommend that said bridge be removed and the avenue at said intersection be placed in the same condition as Wells street now is, where it crosses the old canal. We recommend that said work be done early in the spring.

5. Upon the petition of Aaron Lischey, esq., the matters therein contained are important and we therefore recommend that the subject be referred to the councilman from the Eight ward.

REPORT OF SPECIAL COMMITTEE.

We, your special committee to whom was referred certain proposed estimates for street improvements, report as follows:

1. In the matter of the proposed estimate for the paving of Fairfield avenue and to the giving of which estimate Messrs. Speirlsen, Beck, Chapman and others objected two weeks ago, your committee personally inspected the pavement along the whole line and particularly at such points as indicated by said objectors. We found the objections well taken and in accordance with instructions the contractors made the necessary repairs to the satisfaction of the property holders upon the line of said improvement, and the committee having examined the report of the engineer and the proposed estimate we find the same just, true and legal and we herewith report the necessary resolution granting said estimate and declaring a lien upon the lots and lands therein described as therein set out, the passage of which resolution we recommend.

2. In the matter of the proposed estimate for the grading of Putnam street we report that upon a careful re estimate made by the engineer under the instructions to deal liberally with the contractor we find that Mr. Wilhelm should be allowed $10 extra for gutter grading, $19 for street grading and $5 for work on culvert making an advance upon his former estimate of $35, being four mills per running foot. His claim was for $761 additional. We report herewith the corrected estimate and recommend that it be granted and report the necessary resolution declaring it a lien upon the lots and lands therein described as there in set out. If Mr. Wilhelm is not satisfied with this estimate he will have to seek his remedy in court.

3. In the matter of the report of the engineer and the proposed estimate for the paving of Griffith street from Jefferson street to Breckenridge street we report that we met in pursuance to the order of the council at the city hall on October 27, 1890, at 7:30 o'clock p. m., to hear objections to said proposed estimate. No objections were offered to said estimate and your committee found the same just, true and legal. We herewith report the proper resolution declaring the same a lien upon the lots and lands in said estimate described as therein set forth.

REPORT OF SPECIAL COMMITTEE.

We, your committee on judiciary and city attorney, to whom was referred the subject matter of the Shawnee Run nuisance, report as follows:

We met with Mr. Vesey, the acting mayor of South Wayne, and considered the question. He informed your committee that he had as yet not consulted with his fellow officers; that the board of trustees would meet next week, when he would lay before it the whole question and have a time fixed for the board to meet this committee, after which meeting we will be able to make a full report upon the question.

REPORT OF SPECIAL COMMITTEE.

We your committee on sewers and civil engineer would respectfully report as follows:

In the matter of the resolution of Councilman W. D. Meyer asking that the street commission be instructed to construct a sand pit on the south side of Lewis street, 75 feet east from the southeast corner, report that we have carefully examined the premises above named and find that a necessity exists for the said sand pit, therefore we report that by a concurrence in this report that the street commissioner proceed at once with said work.

REPORT OF SPECIAL COMMITTEE.

We your committee on streets and city attorney, report upon the matters referred to us, as follows:

1. In the matter of the petition of John H. Bass and the American Wheel works, asking for the vacation of parts of Monroe, Clay and Virginia streets, we invited the presence of the petitioners at the committee meeting to make known the necessity for such vacations.

The committee met. Mr. Bass did not appear and the wheel works were only interested in the vacation of Virginia street. No sufficient reason being given to the committee, it will make no recommendation for such vacations. The committee does not report adversely, but awaits information before recommending action.

2. Referring to the petition of P. A. Randall and others asking for overhead bridges on Putnam street, your committee properly regards the petition as a joke, the deepest cut on said street being five feet. The street commissioner has heretofore been ordered by the council to make said approaches safe by grading back a sufficient distance. These instructions do not mean to give a proper and legal grade for the intersecting streets, but simply that they shall be graded back a sufficient distance to make the approaches safe. Your committee believes that the street commissioner has performed the order of the council.

3. In the matter of the petition of Theodore Nieman asking that the expense of grading Washington street be paid out of the general fund, we report adversely.

If the city gave credit for like work twenty-fiv and thirty years ago, it would exhaust the levy to pay for the street.

4. In the matter of the petition of John Taylor, by Chas. W. Kuhne, attorney, we report that if the petition be true and no other parties will be effected thereby, no objections can be offered to the prayer of the petition.

Therefore your committee recommend that upon petitioner depositing $25 with the city treasurer that the city commissioner be called out so take the proper action in the premises.

REPORT OF WATER WORKS TRUSTEES.

We desire to call your attention that on August 20, 1889, when the city was pressed for funds we, at your request, advanced you from our maintenance fund the sum of five thousand, $5,000, to enable the city to partially pay a debt then due for water works extensions. The money so loaned by us was out of the fund that is absolutely necessary for running expenses. You promised to repay the same out of the November collections and the condition of our said fund is such as require from you a prompt performance of your agreement. Wherefore we ask that the city clerk be instructed to issue an order for said amount, so that it may be placed to our credit.

REPORT OF CITY CIVIL ENGINEER.

I respectfully report the following contracts completed and estimates for the same:

1. John McCann for grading and paving with brick the sidewalks on the north side of Creighton avenue, from Calhoun street to Lafayette street.

2. Wm. Oetting, for grading and paving with brick the sidewalks on the south side of Creighton avenue, from Lafayette street to Hanna street.

3. Joseph Derheimer, for grading and paving with cedar blocks DeWald street, from Broadway to Fairfield avenue.

4. Wm. Oetting, for constructing a 15-inch sewer on Pittsburg street, from Clay street to Monroe street.

5. The Talbot Paving co., for grading and paving with cedar blocks Broadway, from the north line of Pritchard street to the south line of DeWald street.

6. Frederick Oetting, for grading and paving with brick the sidewalks on the south side of Eliza street, from Francis street to Harmer street.

7. John McCann, for grading Buttenfield street, from Calhoun street to Clinton street.

REPORT OF STREET COMMISSIONER.

1. In the matter of the resolution of Councilman Gordon instructing me to give ten days notice to the owners of property on the east side of Calhoun street from Pontiac street to city limits to bring their sidewalks to proper grade, I report that I have caused the proper notice to be served between said points and all have complied excepting the owners of lots 1 and 2, lot 2 belongs to a lady in Ohio and notice was mailed to her but no work has been done on her sidewalk. Lot 1 belongs to Colonel Robertson who is at Salt Lake City, Utah, and could not be reached until he returned home in November.

2. East Washington street from Harmer street east where the street car track was cut down will have to be graded at an average of a foot and a half for a distance of 300. But said work can not very well be done until the intersection of Harmer and Washington streets be completed.

D. O'BRIEN, Street Commissioner.

Section 1, street commissioner instructed to proceed according to law.
Section 2, concurred in.

REPORT OF CITY ATTORNEY.

I respectfully report as follows:

1. Mr. Rodemeier has brought suit against the city for damages sustained by reason of a broken limb occasioned by an alleged defect in Virginia street.

2. I find the bond of the Fort Wayne street railway company, required by reason of the Lewis street ordinance to be in all things regular and sufficient and therefore recommend its approval.

3. By reason of the decision of the supreme court, I feel gratified in reporting that the court decided that my construction of the Barret law was correct and that the proceedings of the common council as made in Wayne street improvement was in substantial compliance with the statute.

Therefore it will not be necessary hereafter to pass the second resolution, but the council will have to be careful to see that a strict compliance with the statute is made in reference to giving property owners notice, to hear objections before allowing the estimate upon their property.

Plaintiffs will undoubtedly file a petition for a re-hearing, but none will be granted as the decision goes to the core of the question and was fully argued orally before a full bench who pronounced a unanimous opinion. I am sorry to report that the court did not deem it necessary to decide as to whether or not the old law was appealed. This question must be settled in some future case.

4. I have received official information from the Wabash company through its Indiana attorneys, that said company has accepted the proposition of compromise made to it by the common council's committee in reference to the land lying north of its right-of-way and west of Fairfield avenue. Said company desires it to be understood that in accepting said offer it concedes no legal right in the city to declare a forfeiture, claiming there had been no forfeiture, and that if there had been, that by long acquiescence on the part of the city it had been waived. The company ask that the proper committee be appointed so that a careful, satisfactory and final settlement may be made.

5. I procured a certified copy of the opinion of the supreme court in the asphalt case, for which the clerk properly charged $4, which bill I recommend the clerk be instructed to pay.

ESTIMATES.

An estimate in favor of Charles Bosseker for removing the wooden bridge from DeWald street, over Shawnee run, amounting to $151.01. Allowed.

Whereas, the city civil engineer has reported to the common council that William Oetting has fully completed and fulfilled his contract for grading and paving with brick the sidewalks on the south side of Eliza street from Francis street to Gay street.

Whereas, The common council has approved said report of the city civil engineer and found that said improvements has been made and completed according to the terms of the contract therefor made, now in order that a final estimate thereof may be made, be it

Resolved, That the city civil engineer be required to report to the common council the following facts:

1. The total cost of said improvements.

2. The average cost per running foot of the whole length of that part of said sidewalks so improved.

3. The name of each property owner on that part of said sidewalks so improved.

4. The number of front feet owned by the respective property owners on that part of said sidewalks so improved.

5. The amount of such cost for improvements due upon each lot or parcel of ground bordering on said sidewalks, which amount shall be ascertained and fixed by multiplying the average cost per running front foot by the number of running feet on the several lots or parcels of ground respectively.

6. The full description, together with the owner's name of each lot or parcel of ground bordering on said part of said sidewalks so improved.

REPORT OF CITY CIVIL ENGINEER.

1st. I would respectfully report that the total cost of the improvement of the grading and paving with brick the sidewalks on the south side of Eliza street, from Frances street to Gay street, made under contract with Frederick Oetting, and recently completed by said Frederick Oetting, is $191.76.

2nd. That the average cost per running foot of said sidewalks as improved is $.0832.

3rd. You will find hereto attached a list of the names of each proper owner on that part of said sidewalks so improved.

4th. Also attached the number of front feet owned by the respective property owners on that part of said sidewalk so improved.

5. Also attached the amount of such cost for improvement due upon each lot or parcel of ground bordering on said sidewalks, I would further report that there is due from the city of Fort Wayne for the cost and expense of so much of said improvement of said sidewalks as is occupied by street corners the sum of $8.00, leaving a balance to be assessed against the property owners as aforesaid of $183.76.

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five DLARS.

$578,345 00/100 — 29 DEC 1889 — CERTIFIED. Payable through New York Clearing House, N. B. A.

E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment or a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

CARE FOR THE SICK.

The Splendid Hospitals of the Wabash Road—News Notes from the Busy Centers.

Nearly all the great railway systems have hospitals for the benefit of their employes, which are partially supported by monthly deductions from the pay of the employes. Some of the railroads which do not have the hospital system carry what is known as a voluntary relief fund. The Pennsylvania company has founded the system by which the employees contribute to a fund which is used to relieve the sick and injured. The Wabash was among the first to adopt the hospital plan and it has perfected its system to a higher degree than almost any other road. The funds necessary to support the hospitals are acquired by deducting a certain amount monthly from the pay of each employe. From $50, or less, 35 cents is deducted, and over $50 a deduction of 50 cents is made. Every employe of the road from the office boy and section man up to the superintendent is assessed, and the order is imperative. The funds are carefully looked after, and so successful has the management been that two fine hospitals, one at Peru, Ind., and one at Kansas City, are kept in splendid condition. Another hospital, which will surpass the first two, is being built at Moberly, and when equipped will be one of the best appointed in the country. The Missouri Pacific also has an excellent hospital system, and the two Kansas City institutions are always objects of special interest to visitors. Skilled surgeons of established reputation are in charge of the hospitals. Whenever an employe takes sick or is injured, he is sent to the nearest hospital, or if injured and unable to be moved, or if he has a family, the local surgeons of the railroad company attend him at his home. Medicine is supplied free to every employe upon a prescription filled out by any of the company's surgeons.

B. Ossefelt, of the Pittsburg round house, is off duty on a few day's vacation.

Adam Buchheit has accepted a position as carpenter at the Electric Light works.

J. T. Snyder, fireman on the Pittsburg road, is off duty on a few days' vacation.

W. Lohrman, engineer on the Pittsburg road, is at Valparaiso visiting for a few days.

G. P. Lehr, of the Pittsburg round house, has reported for duty after a few day's sickness.

A. Miller and D. C. Beegle, firemen on the Pittsburg road, are off duty on account of sickness.

All the departments in the Wabash shops in this city are now working until 10:30 each evening.

J. Bitner and C. Schultz have accepted positions in the boiler department of the Bass works.

The Olds Wagon works will resume operation to-morrow, after a few days suspension to make repairs.

Phillip Renschler, of the Olds wagon works, is confined to his bed with a severe attack of typhoid fever.

J. C. Cothrell, engineer on the Grand Rapids road, has reported for duty after an absence on account of sickness.

A train load of dressed beef from the Armour Packing house from Chicago passed through on the Nickel Plate road yesterday.

George Niedhammer, of the Electric Light works, is doing honors over the arrival of a sweet-faced baby daughter at his home.

George White has accepted a position in the Pittsburg lumber yard, John Cox in the machine department of the Pittsburg car shop, C. Mosier and John Sohne as carpenters and H. G. Beyerly and G. E. Saraisen in the copper shop. They were formerly employed in the shops before the suspension of men a few months ago.

E. Fink, fireman on the Pittsburg road, is off duty on account of a very sore hand.

Michael Laughlin, engineer on the Pittsburg road, is at Bucyrus, Ohio, visiting for a few days.

J. E. Sleeper has accepted a position as engineer on the Nickel Plate road. He will run between this city and Chicago.

Several of the boys in the different shops attended Hanlons' production of "Superba" at the Masonic Temple last evening.

Tom Bailey, fireman on the Nickel Plate road, is suffering from an injured eye which he received by being hit with a piece of coal.

W. F. Juengle and S. A. Sine, firemen on the Pittsburg road, are off duty. They are changing their places of residence to East Jefferson street.

Francis DeFrain, a car repairer at the east Pittsburg yards, was quite severely injured by falling from a box car. He will be detained from duty for several weeks.

T. F. Golden, of the master car builder's office, who has been working for a few days in the office at the east Pittsburg shops, has returned to his regular duties.

G. Burger, engineer on a switch engine in the Pittsburg yard, is off duty on a few day's vacation, and C. Sweeney, is performing the duties during his absence.

J. Bolan, of the truck riveting gang, and C. Renschler, of the machine department of the Pittsburg car shop, have returned to duty after a few days absence.

J. C. Kencill, engineer on the Pittsburg road, has reported for duty after a vacation, and Engineer P. Titus has reported after an absence on account of sickness.

The new cement pavement at the Pittsburg depot is finished and presents a handsome appearance. It is a very costly platform and is warranted for a number of years.

Hugh M. Diehl, foreman of the erecting gang in the Pittsburg machineshop, has returned to work after a two months' absence. He was at Philadelphia visiting relatives, and also visited several of the largest eastern cities.

Wm. Jackson, formerly of the tinning department of the east Pittsburg shop, but who now holds a position in the Brunswick & Balke billiard table manufactory, at Chicago, is in the city to attend the marriage of his sister. He was a visitor at the shops yesterday afternoon.

Last year apples were shipped into Indiana and Ohio by the train load from New York and Northern Michigan; this year, in the fruit producing country named, the crop was a failure and apples are now being shipped into Indiana, Illinois and Ohio in large quantities from Southwestern Missouri, where the crop was abundant.

It is reported on excellent authority that the railroads of Michigan have solemnly agreed that they will issue no free passes to the legislators this winter. This information will fall like a wet blanket on the statesmen, and will without doubt have the effect of making the coming session the shortest one for many years.

The store room and the shipping room at the Electric Light works have been moved into the new addition to give more room for the Brooklyn plant, which will be placed in the old store room. All of the machinery will be here in a few days. Several cars of it have arrived and the rest is on the way. This will give employment to many more men, some coming with the removed plant and others from the city. Already fifty houses and rooms have been engaged for the employes who will be brought here. The pay roll of the works before the removal to this city where as large as the works here.

The shipments of flour, grain and provisions from Chicago to the seaboard by the lines in the Central Traffic association last week aggregated 30,967 tons, against 34,016 for the preceding week, a decrease of 3,049 tons, and against 34,920 for the corresponding week of 1889, a decrease of 3,953 tons. The Chicago and Grand Trunk increased its lead somewhat, though neither the Michigan Central nor the Nickel Plate is very far behind it in the amount of traffic carried. The percentages of the different roads are: Chicago and Grand Trunk 22.6, the Michigan Central 29.2, the Lake Shore 14, the Fort Wayne 11, the Pan Handle 5.6, the Baltimore and Ohio 7.6 and the Nickel Plate 19.

EX-SECRETARY ESMOND.

He Arrives in the City En Route to Denver, Col.

A visitor in the city last night was Z. T. Esmond, a former secretary of the R. R. Y. M. C. A. here. When Mr. Esmond resigned his position here a few weeks ago he went with his family to Herkimer, N. Y., where relatives reside. After an outing in the Catskills, he felt an approaching attack of his old throat trouble, and at the advice of his physician left at once for Colorado, stopping here en route. He will probably accept a position in the offices of the Chamberlain Investment company, at Denver, a member of that firm being an old associate and intimate friend. The many friends of the ex-secretary will be surprised to learn that he will act upon the advice of physicians and retire from active Y. M. C. A. work for at least a year, although a very fine secretaryship is placed at his disposal on the Pacific coast. Such work involves too much of a mental strain for a person in delicate health. Mr. Esmond called on many of his friends here last evening, among them his successor, Secretary Burns, and left early this morning for Denver, where he will soon be joined by his family, who will remain at Herkimer for a time longer.

WHY NOT DO IT?

Let the Bicycle Season Close With a Grand Street Pageant.

The coming of winter weather will ere long cause the bicyclists of the city to do less riding than they have done, and their machines will be practically unused for a few months. Before the bicycle season ends, why would it not be a good idea, as a sort of public celebration of the event, to have a grand street parade, in which all the wheelmen would participate? An event of that kind occurred a few years ago, and it was an interesting affair. Fort Wayne has several hundred wheelmen, and if they would all turn out some evening and make a parade of the streets, it would be a grand affair. Let the big bicyclist and the little bicyclist, the old bicyclist and the young bicyclist, the lady bicyclist and the gentleman bicyclist, the graceful bicyclist and the awkward bicyclist, all take part, and we venture the assertion it would make a procession a couple of miles long. Let this be an event to celebrate the ending of the bicycle season.

Personal Liberty
vs.
Physical Slavery.

We are all free American citizens, enjoying our personal liberty; but most of us are in physical slavery, suffering from scrofula, salt rheum or some other form of impure blood. Hood's Sarsaparilla is the great blood purifier which dissolves the bonds of disease, gives health and perfect physical liberty.

A prominent physician and old army surgeon in eastern Iowa, was called away from home for a few days; during his absence one of the children contracted a severe cold, and his wife bought a bottle of Chamberlain's Cough Remedy for it. He said, from his experience with it, he regarded it as the most reliable preparation in use for colds, and that it came the nearest being a specific of any medicine he had ever seen. For sale by druggists.

The Finest on Earth.

Scrofula

Is the most ancient and most general of all diseases. Scarcely a family is entirely free from it, while thousands everywhere are its suffering slaves. Hood's Sarsaparilla has had remarkable success in curing every form of scrofula. The most severe and painful running sores, swellings in the neck or goitre, humor in the eyes, causing partial or total blindness, yield to the powerful effects of this medicine. It thoroughly removes every trace of impurity from the blood and builds up the weakened system.

"My little daughter's life was saved, as we believe, by Hood's Sarsaparilla. Before she was six months old she had 7 running scrofula sores. One physician advised the amputation of one of her fingers, to which we refused assent. When we began giving her Hood's Sarsaparilla, a marked improvement was noticed and by a continued use of it her recovery was complete. And she is now, being seven years old, strong and healthy." B. C. JONES, Alna, Lincoln County, Me.

"A KING WITH A CAPITAL "K."

BIG "K."

A KING WITH A CAPITAL "K." "

"THE MERRY MONARCH."

A remedy which is "every inch a King," and worthy of the grateful homage and admiration of its Sixty Million American Subjects, is

HIBBARD'S "HERB EXTRACT,"

Its throne is in the tuneful hearts of hundreds of thousands of its users, who sing its praises and carry its renown from ocean to ocean. Join the throng and help shout the glad tidings of a people ransomed from the galling chains and terrible captivity of

HEREDITARY SCROFULA.

It's not the discovery of a heaven guided tramp, but an honest remedy with which one of the most skillful physicians of his day cured Mrs. Hibbard, over forty-five years ago, after she had been most terribly afflicted by hereditary blood disease, which consumed her nose and other parts of her face, and since her cure, (over forty-six years ago,) she has made the placing of this remedy before the public her life-long work. A circular giving a short history of her case will be sent on application.

It is not a cure-all, but is positively guaranteed in all cases of Blood and Skin diseases, such as Scrofula, Cancer, Catarrh, Salt Rheum, Fever Sores, and Kidney and Liver Complaints. The remedy contains neither Mercury or Potash, but its properties are purely vegetable and harmless.

As a powerful invigorating Tonic, it helps the stomach and imparts strength and vitality to the entire system.

Mrs. Hibbard's reputation at home and abroad is sufficient evidence of her honesty of purpose. Although sixty-five years of age, she devotes her entire time to the alleviation of human suffering. Call on her or write, describing your case, and she will give you an honest opinion, and advice free of charge. The "Herb Extract" is for sale by all Druggists, at $1.00 per bottle, 6 for $5.00, or sent by express on receipt of price.

Those present were: Misses Julia Passino, Laura Carll, Hattie Lamar, Carrie Cragg, Amelia and May Heine, Lizzie Morning, Laura and Erma Bryant and Masters Add Lamar, Frank Outebull, Henry Heine, Ross Lamar, Vernie Jones, Willie Armel, and others.

The quarterly meeting at the African M. E. church was held last Sunday, conducted by Presiding Elder James H. Henderson, who preached interesting sermons at the morning and evening services. Rev. Brown preached in the afternoon. The church was crowded at all the services. The collection on Sunday amounted to $20, making the total quarterly meeting collections amount to $41.15. There were nine accessions to the church.

The second presentation of Hanlon's "Superba" at the Temple last night was greeted with a crowded house, and the performance was even better than it was the night before, for everything worked smoothly, and the audience was charmed with the wonderful scenic effects, mechanical marvels, pretty girls and dazzling splendor of the play. The performance will be greeted with another full house to night, which is the last appearance in this city.

There is not a satisfactory provision given in the Indiana statutes for the procuring of criminals in another state who require a requisition before they will allow themselves to be brought home for trial, but notwithstanding this Sheriff Viberg, at his own risk of personal expense, sent his deputy to bring home Ollie Smith and Harry Gardner, the notorious ruffians, who, it is charged, nearly ended the life of Mrs. Charlotte Haas, the widow, in an attempted robbery.

Will Covey, for several years proof-reader at the Newspaper Union, leaves to-morrow for his old home at Little Rock, Ark., to permanently reside. He has been a resident of this city for the last eight years and his genial disposition and literary attainments made him a universal favorite in and out of the printing fraternity. THE SENTINEL reporter, who worked at his side for two years, joins his host of friends in regretting his departure from the city and wishing him success in whatever occupation he may engage in his southern home. Will is a royal good fellow and will make fast friends anywhere in this broad land.

This afternoon water was turned off from the water mains on Columbia street, from Oliuton to Harrison streets, and on Harrison to Main street, to permit the placing of elevator machinery in the new Randall building to be occupied by Pottlitzer Bros. as a commission house. The water will be turned on again at 7 o'clock this evening.

Mrs. Perry A. Randall and children, Anna, Fay and Louise, will leave soon De Fonias Springs, Florida, to spend the winter. She goes to benefit the health of one of her children, who has heart trouble. A new cottage is being erected at the beautiful resort for their occupancy. Mr. Randall will be registered at the Randall during his family's absence.

E. T. Stringer, who has been in the city for a short time, will return to his home in Hall county, Nebraska, soon. He is associated with his son, Fred, formerly a postal clerk on the Fort Wayne road, in the general store business at that place. Mr. Stringer has offered a portion of his beautiful residence property on West DeWald street for sale, and his movements indicate that he has decided to make his permanent home in Nebraska.

George D. Adams, chief clerk in the register letter department of the postoffice, has returned with his family from a trip to points in Minnesota, Dakota and Canada. While absent he visited Grand Forks, Dakota; Winnipeg, Canada; Barnesville, Minn., and other places. He met Fred Rogers, a former dispatcher in the Pittsburg offices in this city, now located in the same line of business at Lacrosse, Wis. Mr. Rogers was married recently.

J. R. Bittinger left for Indianapolis to-day, having in his possession a petition to Governor Hovey for the pardon of James Bolyard, of Monroeville. Bolyard was sentenced last spring to one year in the penitentiary for stealing a lot of coon skins. His six children at Monroeville are said to be in destitute circumstances and are practically on the township. The petition is signed by 400 reputable people, among them nearly all the jurymen who convicted Bolyard and the prosecuting witnesses who testified against him.

There was no police court to-day.

THE Moldavian Princess Cusa is an unworldly girl. Her young husband, who died not long ago, left her all his property, worth about $600,000. She is devoting all of her yearly income to charities, and is a nurse in a children's hospital at Jassy. She is a sister of the Roumanian Minister, Theodore Koseiti.

IN some places washerwomen have found their legitimate occupations almost gone through the introduction of machinery. A great part of the city of Troy is devoted to the manufacture of engines, whizzers, starchers and other machines of the steam laundry. The most interesting machine is the whizzer, which dries clothes in one thousand revolutions a minute.

"WHY is whiting or soap rubbed all over the inside of the windows of a new building?" was the question I put to a master builder in the doorway of a new structure. I always thought it was for the purpose of obstructing the view, so that workmen inside would not be abstracted by objects outside. "It's a warning to the workmen for the protection of the glass," was his reply. "Before the glass is put in the window apertures are used daily to pass boards, scantling and timber in and out. The glass does not show unless it is daubed with whiting or soap, and any workman would be liable at any minute to shove a board through it."

IT is likely that some of the money confiscated by Napoleon will be accounted for, with interest, by the present French Government. Jean Thiery, a merchant in the Rhine provinces, died in 1676, leaving a fortune of 50,000 louis d'or in Paris, and 800,000 thalers in the Venice Mint. His heirs, for some unknown reason, did not draw the money from the depository in Venice, so at the end of the last century Napoleon found it still untouched, and appropriated it to the use of his army. For the last thirty years the descendants of Thiery have been trying to find a way of recovering the 800,000 thalers, with interest. It is said that the French government has considered their claim, and advocated its payment.
